WILL RECALLS HOW CURTIS MIXED KAW WITH HIS ENGLISH

(Special To The News)

NEW YORK, March 21.—*Say, with all this argument we have had about what Mr. Taft said when he swore in President Hoover, why not bring out what Vice President Curtis said when he swore in the first six senators. (You know we got 'em in half dozen lots' just like eggs.)*

Instead of saying "with no mental reservations" he got his English and his Kaw mixed and really said, "with no mental obligations."

Being in the senate as long as he has, and seeing the type, why the chances are that he was honest with his government and swore 'em in that way purposely.

After all, it don't make much difference to the country how they get in there. How to get 'em out, that's our problem.

Yours,

WILL.

PA NEWC OBSERVES

Spring is here and no mistake. The calendar and almanac say so, and the weather this morning clearly indicates that fact. Well, it's time. This has been a tough old winter.

Another argument in favor of improving that stretch of roadway to the state propogation farm this side of Harlansburg. Several state men here to examine the stock at the farm got stuck in the mud and had to have a team pull them out.

Regular air mail envelopes, with red, white and blue stripes and streamers thereon and the wording, "New Castle Center of the Industrial World" are being offered local air mail enthusiasts.

Local baseball bugs who are growing a little too old for the regular hardball game are discussing taking up mush ball. There's a real nice game for you. It is just as fast and interesting as regular baseball only the dangers of injury are much less and one doesn't have to run so far or fast.

More grass fires keep firemen busy. People should not become unduly alarmed and call the firemen for a grass fire unless it is absolutely threatening property. Grass fires burn themselves out in most cases if left alone. Lots of epople burn the grass off in the spring to get rid of weed seeds.

It is noted that plans have begun for the entertainment of the 5,000 teachers who will gather here this coming December. With school displays, the convention proper, entertainment, Dr. C. C. Green promises to have a busy week.

Pa. Newc noticed that children playing with matches started a local fire the other day which fortunately did not prove disastrous. Here is one that is hard to believe, but its the truth—the department knows a man

When I Was 21

Dr. C. C. Green, city superintendent of schools, was a junior in Grove City college at the age of 21. During this year, he enlisted in the United States army and his first vote was cast while in Camp Meade during the Spanish-American war.

Upon his return, he taught school, returned to Grove City to finish his college work, and since that time has been, in addition to various positions in educational work, in school executive posts at Irwin, New Brighton, Beaver Falls, and Clarion State Teachers college.

It was from this latter position that he came to New Castle two years ago to fill the post of city superintendent of schools.

Mexican Firing Squad Executes Rebel General

General Jesus M. Aguirre Faces Firing Squad This Morning

CONVICTED OF HIGH TREASON

Battle May Develop In Vicinity Of Naco—Patrol U. S. Border

(International News Service)

MEXICO CITY, March 21.—General Jesus M. Aguirre, leader of the revolutionary movement in Vera Cruz, cooly faced a firing squad at Almagres early today and died like the soldier he was.

Aguirre had been captured at Agucatillo, in the southern part of Vera Cruz, late yesterday. The few troops who had remained loyal to him to the end put up a brief battle against his federal pursuers. In the affray, General Manuel Aleman, of the federal army, was killed.

Guilty Of High Treason

Under orders from President Portes Gil and War Secretary Calles, General Miguel M. Acosta, federal commander in the state of Vera Cruz, convened a summary court martial immediately after Aguirre's capture. The court martial found the rebel commander guilty of high treason.

Aguirre accepted his fate calmly stating that he was perfectly willing to suffer the consequences of his part in the revolt.

"I am a soldier and know how to die," he said as he was led before the firing squad. He maintained his dignity to the last.

Two widely separated cities, Mazatlan, in Sinaloa, and Naco, in Sonora, today blazed into prominence as active centers of the revolution.

Battle Near At Naco

With fighting of undetermined extent already in progress at Mazatlan between defending federals under General Jaimev Carrillo and rebels under Generals Ramon Iturbe and Francisco Manzo, a battle is expected momentarily more than 800 miles to the north at the border city of Naco.

Naco is defended by a federal garrison under General Lucas Gonzales against insurgent forces under General Fausto Topete.

Extreme tension gripped the inhabitants of both Naco, Sonora and Naco Arizona, as Mexican government troops consisting of mostly of Maya

Gas Tax Battle In Legislature Is Taking Shape

Definitely Decided That Gas Tax Measure Will Be Introduced Monday

LENGTH OF TAX CAUSES WORRY

Four Cent Bill Has Been Drafted; State Treasurer Lewis Opposes Increase

By C. B. YORKE
International News Service Staff Correspondent

HARRISBURG, March 21.—Interest in legislative affairs today again centered about the Gordian knot of gasoline tax and roads.

While it has been definitely decided that a four-cent gasoline tax measure will be introduced in the house next week, leaders today were occupied with the problem of whether such a levy shall be placed in force for one or two years.

The department of highways has requested an increase of $13,000,000 over its present budget of $128,000,000 for the last biennium. James L. Stuart, secretary of highways, has consistently claimed that such an increase in revenue is necessary in order that the department may have sufficient funds to carry out its present building program.

Lewis Opposes Bill.

On the other hand, State Treasurer Samuel S. Lewis and a number of

Crown Prince Olaf And Marthe Wedded In Oslo Ceremony

Heir To Norwegian Throne Is Wedded Today To Swedish Princess

Elaborate Setting As Young Couple Take Vows; Many Notables Attend

By ARNE KILDAL
International News Service Staff Correspondent

OSLO, March 21.—In one of the most elaborate and picturesque ceremonies ever staged in this historic capital, Crown Prince Olaf, of Norway, heir to the throne of his fathers, was married in the Church Of Our Saviour, today, to Princess Marthe, of Sweden.

Thousands of people, who had made the pilgrimage to Oslo from all parts of Scandanavia to witness the ceremony, thronged the streets outside, while in the beautiful church a distinguished assembly of guests watched the future Norwegian king plight his troth at the altar to the beautiful dark haired Swedish girl.

Elaborate Luncheon.

The wedding was followed by a state luncheon at the Royal Palace, which was presided over by King Haakon and the queen and was attended by many royal visitors from all parts of Europe, the diplomatic corps, the Norwegian cabinet, members of parliament and many other distinguished guests. Covers were laid for 400 guests in all.

Thousands of troops, including the whole garrison of Oslo, guarded the route from the palace to the church. A squadron of cavalry in full dress uniform was stationed outside the church.

Crown Prince Olaf arrived at the church in an automobile with the Duke of York, son of King George of England. He immediately entered the church and took his place at the left side of the altar.

Escorted By Father.

Princess Marthe was accompanied to the church by her father, who escorted her to the altar, followed by the bride's maids.

Bishop Lunde preached a brief sermon then read the Norwegian Episcopal and Lutheran nuptial rituals.

The couple made their vows, then knelt to receive the bishop's blessing.

Archway Of Swords.

Upon leaving the church the Crown Prince and his wife passed under an archway of swords held aloft by young naval and military friends of Olaf.

The Crown Prince and his bride drove direct from the church to the Royal Palace in an open coach, drawn

Ex-Governor Fuller Being Mentioned As Herrick's Successor

Official Washington Scoffs At Rumor That Fuller Will Get French Post

(International News Service)

WASHINGTON, March 21.—Reports that Ex-Governor Alvan T. Fuller of Massachusetts may be appointed ambassador to France were discounted in administration quarters here today.

Myron T. Herrick the present ambassador has, like all other diplomats, submitted a formal resignation, but there is no indication that his retirement is imminent.

Some doubt about the Fuller reports was expressed, too, because of the widespread criticism to which he was subjected in the French press during the Sacco-Vanzetti case.

Gov. Fuller is now enroute norh from Florida and will call on President Hoover in a few days.

COOLIDGE MAKES NEW YORK VISIT

(International News Service)

NEW YORK, March 21.—Behind closed doors at the Hotel Commodore, Calvin Coolidge, former president of the United States, today transacted "strictly private business" with three men who called on him and his close friend, Frank J. Stearns.

Report had it that he is here to discuss forming a connection with some prominent firm—electric railways, insurance and banking, all were mentioned—but no confirmation could be obtained.

A special policeman walked post in the hallway.

ALTOONA, Pa., March 21.—Injured when his automobile skidded and struck a moving trolley car along the interurban route, John Skelley, 66, a retired passenger conductor, died today at the Mercy hospital here. His skull was fractured in three places and his leg and hip fractured.

June Regional Board Meeting Comes To City

New Castle Officially Awarded Big Gathering Of Business Men

HALF THOUSAND TO BE VISITORS

Decision Is Made At Conference Now In Session At Washington

This morning at the assembly meeting of the Allegheny Regional Advisory board, the March conference of which is occurring at Washington, Pa., March 20 and 21, the membership unanimously approved the selection of New Castle by the executive committee for the meeting place in June. This conference will take place here June 12 and 13.

According to the wire received here at noon today from James W. Cole, secretary of the New Castle Chamber of Commerce, who is attending the conference and committee meetings, the executive committee accepted the recommendation of the investigating body that the conference occur in New Castle and this recommendation was in turn presented to the group meeting this morning. It was met with unanimous favor.

Needed Official Sanction.

The local Chamber of Commerce secured this important meeting of nearly a half-thousand business and industrial executives during the past fall but official sanction of the selection had to be made.

Some weeks ago a special investigating body, of which Frank L. Guy of Pittsburgh is chairman, visited the city and investigated the facilities. According to his statement to The News at the time of his visit, the city would receive the highest recommendations.

The conference is one of the largest of its kind and brings to the city, fortunate in securing it, some 400 or 500 business executives for a two-day session.

Boiler Factory Worker In Erie Shot To Death

Roumanian Workman Slain While Attending To His Duties This Morning

(International News Service)

ERIE, Pa., March 21.—An army rifle in the hands of an expert marksman dealt death early today to Michael Geokel, 50, an employe of the Pennsylvania boiler works here, as Geokel was tending to No. 4 furnace in the plant.

Police pieced together a story which reveals that Geokel's assailant stood in a doorway of the boiler room, about 30 feet from the victim, and fired a single shot which tore through Geokel's heart, killing him instantly.

No one saw the attack, which occurred between six and seven a. m. Geokel's body was found by a fellow employe a short time after seven o'clock.

City and county police are investigating. Employes of the plant said Geokel had talked about his life being in danger because he held a note of considerable amount against another Roumanian.

To Start Probe Of Mine Disaster

(International News Service)

GREENSBURG, Pa., March 21.—Members of the Westmoreland county district attorney's office left for the scene of the Kinloch mine blast at Parnassus shortly before noon today to aid in conducting an investigation into the explosion.

Two mine rescue teams from the Keystone Coal and Coke Company, all available nurses and a detail of 22 state police also were dispatched to Parnassus.

MAKES REPORT OF SLIGHT ACCIDENT

Charles Clark, 104 North Crawford avenue, reported to the police that he was driving north on Highland avenue, when a car bearing Pennsylvania license 635-754 going in the same direction and following his machine, tried to go around his machine near Grant street. A street car was going south at the time and 635-754 could not make it around the Clark car. The driver of this car then cut in front of the Clark machine, with the result that a collision occurred and some damage was done.

Millionaire In Chicago Is Held On Murder Charge

Millionaire Who Killed Neighbor In Argument Over Fence Is Arrested Today

(International News Service)

CHICAGO, March 21.—Fleeing because he "feared the justice of man, although sure of the mercy and understanding of God," John MacKenzie, 45, a millionaire real estate broker, was arrested for murder early today on the eve of his departure for Canada to "forget all."

MacKenzie is charged with the murder of Arthur A. Glanke, 40, his neighbor. The prisoner has confessed slaying Glanke on October 24, 1928, in an argument over a spite fence.

When arrested MacKenzie had a valise with him in which police found $500,000 in bonds and mortgages.

World Mourns Foch's Death, Great General

Every City, Town And Hamlet In France Plunged Into Deepest Sorrow

FOCH WAS BELOVED BY ALL FRANCE

National Funeral For Famous World War Veteran Will Be Held Next Tuesday

By FREDERICK ABBOTT.
International News Service Staff Correspondent.

PARIS, March 21.—All the world today mourned the passing of Marshal Ferdinand Foch who surrendered to the inroads of disease after a gallant but vain campaign of more than two months.

Every city, town and hamlet of France was plunged in the deepest mourning. The grizzled veterans of hundreds of battles was dearly beloved everywhere.

His body is to lay in state for several days befor the tomb of Napoleon before the gilded dome of Invalides.

State Funeral Planned.

A state funeral, an honor which has been granted to only five Frenchmen in the past, will be held.

The funeral will be held on Tuesday, it was officially anounced this afternoon by General Weygand, the late Marshal's chief of staff.

The highest honors the French republic can confer upon a passing warrior and national hero will mark the funeral.

Attired in the field uniform of a marshal of France the body lay at rest today while a steady stream of notables visited the Foch home to extend their condolences to the widow.

Marshal Joffre the hero of the first battle of the Marne and Myron T. Herrick, United States ambassador to France, called at noon.

Federal Employes Will Be Taxed, Is New Bill Proposed

Governor Fisher Aligns Self With New Proposal To Tax Federal Employes

(International News Service)

HARRISBURG, March 21.—Governor John S. Fisher today approved the senate bill providing for the listing and assessing of federal employes and the collection of fifty cents from each as a poll tax to enable them to vote. The preamble of the bill which was introduced by Senator Mansfield, Allegheny, sets forth that court decisions have had the effect of disfranchising federal employes holding that their occupations are not taxable.

The governor also approved the Baily House bill which empowers second class townships to contract for a supply of water, together with the necessary water mains and connections. Approval of the governor was affixed to the Bechtel bill which authorizes the court to fill vacancies in the office of constable upon the petition of ten qualified electors.

Three Witkin bills repealing obsolete bills in accordance with recommendations of the state salary survey commission were also approved.

Mrs. Ben Dean of East North street, is reported to be improving.

FEAR HUNDRED MINERS MAY BE VICTIMS OF EXPLOSION IN MINE

Rescue Crews Battle Smoke And Flame In Effort To Reach Them

Connecting Mine Entry Allows Some Of Miners To Get Out

By CARL L. TURNER
International News Service Staff Correspondent

KINLOCH MINE, NEAR PARNASSUS, Pa., March 21.—Through flame and smoke, rescue crews battled their way forward in a desperate effort to reach approximately 100 miners believed still trapped in the Kinloch mine of the Valley Coal Company, wrecked at 7:23 a. m. today by an explosion.

O. F. Taylor, superintendent of the Kinloch mine, said that of the 250 men he believed to have been in the mine when the blast let go, 145 miners already had made their way out through the connecting Valley Camp mine entry nearby, and that others were believed on their way to the surface.

Nearly seven hours after a steel belt conveyor was believed to have broken, plunging down the mine slope and generating the fatal spark, only one body had been found within the mine, and 150 men had made their way to safety through the connecting entry of the Valley camp mine several miles from the scene of the explosion.

Two fresh rescue teams entered the workings this afternoon while George McCaa, federal bureau of mines attache, superintendenet of the wrecked mine, and W. J. McGregor, state mine inspector, conferred as to the most effective way of reaching the entombed men.

None of the 150 men who escaped were much the worse for their experience, and this led officials to hope that many of the men still entombed had betressed themselves away in the spacious recesses of the mine, afraid to seek the entries because of fear of gas or flame.

While the leaders conferred, three Westmoreland county commissioners prepared to begin their investigation into the cause of the blast. They were Elliott L. Hibbs, James F. Tor-

STATE TROOPERS GUARD ENTRANCE

Rescue Parties Pass Up Dead Bodies Of Miners Temporarily

By LLOYD H. RHODES
International News Service Staff Correspondent

KINLOCH MINE, NEAR PARNASSUS, Pa., March 21.—A twisted, mangled body, huddled in a corner 500 feet from the shaft bottom in the blast-torn Kinloch mine lay untouched as rescue crews today groped their way through the wreckage of the mine in the hope of reaching men who are not beyond aid.

The body will lie there, together with others the men may find, as the crews utilize the precious minutes to fight for the lives of entombed men. They dare not waste time by caring for bodies now.

The shaft and mouth of Kinloch has the appearance of a shell-raked French Chateau. The smoking, twisted hulk of what was once the mine tipple frames the charred shaft.

Grope Through Mine

Within the mine, roughly two miles by one mile in size, small groups of rescue men, masked and equipped with every modern mode of fighting fire and gas, move slowly into the grim interior, groping their way through wreckage. The fire apparently has subsided within the recesses of the mine.

Outside the mine, a cordon of state troopers has been thrown about the workings, while nurses and Salvation Army lassies are on hand to lend

Forty Hot Mills Will Operate 15 Turns Next Week

Announcement was made today by Earl Thompson of the Shenango Works, American Sheet and Tin Plate company that on Tuesday morning, March 26, the plant would resume operations in full. This means that the entire 40 mills will resume work at 15 turns per week. The resumption starts with the 8 o'clock turn on Tuesday morning.

For some time past the plant has been operating but 30 mills.

Bring out the lutes and horns and flutes, and sound the tom tom and the drum, hang out the flags and colored rags, the long awaited spring has come. Call up the coal man on the phone and chuckle in his coalish ear, bring out the squad of baritones and sound a most ecstatic cheer. The spring has come, tra la, tra la, let maidens gambol on the green, let coryphees strike up the dance, let meadow larks and robins preen. The spring has come, as I have said, the winter took it on the chin, now is the time for balmy days, and let them now forthwith begin. Begone you icy imps of snow, begone the furnace and the grate, the spring is here, lay on Macduff, the weather says it's stay-right.

Making Progress On Storm Sewers

North And South Traffic Is Being Detoured At Mill And Lutton

Traffic north and south at Lutton and South Mill streets today was detoured owing to the construction of a portion of the Lutton street storm sewer connection in South Mill street. The sewer in Lutton street between Moravia and Mercer will be finished today.

While this work is under way other employes of Woods & Golder were busy working on the South Mill and Lutton street connection. The storm sewer has already been built in Moravia street between Lutton street and the Big Run.

The sewer is being constructed out of money from bonds sold by the city some time ago.

The sewer is expected to relieve the nuisance which always existed at South Mill and Lutton streets during every heavy rain.

assistance at the emergency hospital and morgue.

The first body was found by J. H. Keener, of the Renton Union Collieries, Renton, Pa.

"It didn't look human," he said in describing the body.

"There it was, all shapeless and mangled, but we couldn't stop to bring it back.

Looked Like Tornado's Work

"The passageway looked like a tornado had struck it, just twisting things every way. We kept going—you know a body don't mean much, when there's a chance that men have buttressed themselves into small pockets and entries, and are waiting for men to make their way to them."

By a wierd coincidence, Vernon, a mine brakeman, had halted with thirty-three men in his charge, in a mine room far in the interior of the mine. Just a minute or two before the blast let go, he said, he and his men were discussing steps to take in case of a blast of any sort. They had decided to make their way for the valley camp entry in case of a blast in the Kinloch mine. A few minutes later they did so, thus escaping death.

who when a child, burned two houses down playing with matches. The first one was rebuilt and two years later the very young boy burned the second.

Three of the county high schools at least, in addition to New Castle high school, will enter the Northwestern scholastic music contest at Erie next month.

There is dissension in the ranks. One of the Newc family advised a light on the old furnace tower here the other day as a beacon for airplanes. The government flyer W. T. Miller told this member of the family while here a week ago that an attempt was being made to get all such contributed beacons out of existence as they drew night mail flyers from the mapped course with official beacons.

Pa Newc who had a little chat with one of the garbage boys this morning gets it straight that some families in the city throw away sufficient to keep several families. These chaps have first hand knowledge of the fact so believe it or not.

There are quite a lot of little meetings which are occurring here off and on that Pa Newc believes the people are sort of forgetting. There are telephone and insurance meetings, business conferences of district representatives and quite a few such gatherings that include from half a hundred on up quite often. We believe that these little meetings help advertise the city quite a bit more than is generally admitted.

Out in front of The News on North Mercer street yesterday there was a sedan type of car parked. Now there is nothing spectacular or wrong about that but on top of the car a huge police dog was parked. Needless to add the car was not stolen nor did any one loiter long in the vicinity.

Speaking of dogs Pa Newc knew a man who kept a huge and fierce looking fellow and was a funny case too. The dog though fierce appearing turned out to be a "willy" and was as gentle as a lamb. However a strong bark and formidable appearance warned all away from the chicken coop in the real lot so all was well.

Just two little girls—perhaps seven, maybe eight—anyhow they walked down Washington street proudly each with both cheeks smeared with a flaming rouge. Evidently they had stolen into mother's or sister's private stock and war painted to the heights of glory, they strolled down the street to the amused but not scornful smiles of the passersoy.

Won't be long now, until the landscape will be plastered with cards of candidates running for office. Pa Newc never could see the benefit of such a situation. He also notes that some of the cards put up several years ago are still sticking to some of the trees in the country districts.

Expect the advance men for circuses will be coming along some of these days. The circuses usually strike New Castle early in the season, and the advance men get along with the opening of spring.

Dirt roads have dried up nicely in the past few days, and with a few days longer without rain, they will be in good shape for the summer.

Central station firemen again pursuing the occupations of men of leisure; i. e., washing windows and shining up the brass. There were no fires reported since yesterday at noon and the boys have to do something to keep them busy. Here's a hot tip, girls: There are a lot of nice eligible young bachelors down at the central station and how they can wash windows, sweep floors, etc.

Times do change. Only a few short years ago the city fathers passed an ordinance prohibiting spitting on the sidewalks because the women's skirts dragged along on it and it was considered a method of spreading contagious disease. Today one almost has to have a stepladder to spit on the hem of the ladies' gowns. And the ordinance has never been repealed.

Pa Newc would like to arise today and ask: "Have you had your cup of Sassafrass tea?" This is the time of year that the boys gather the Sassafrass, cart it home and have their mamas make a tea from the roots.

This is maple syrup boiling time, according to what Benny Sense told one of Pa Newc's friends a few days ago. In fact Benny wanted to take Pa Newc to see the boiling under way. How many men former farmers remember those good old days?

As this column is being typed the chimes from the First Methodist church can be heard and despite the din of the linotype machines, the slug casting machines, the tinkle of telephone bells the chimes come clear.

Persons who own automobiles and have them garaged all winter no doubt will be whirling their machines over the roads should the springlike weather continue. They should not forget to carry a pump, patches and cement as rubber deteriorates.

Last November it was anticipated that considerable remodelling to City hall and the East street "fire-station" would be done this spring. But that was in November. The city has not sufficient funds and the East street annex building, lower floor, is empty.

Up to this morning the dangerous place at Fairmont avenue and Albert street had not been repaired. Any motorist who uses the street should be careful or all of the springs on his car will be broken.

With spring here and summer not so far distant the city firemen and city policemen will begin to glance forward to vacation time. The men generally draw lots for their vacations. Some of them hie to stream and country spots, others to Canada.

Not all pictures are faked. For instance in a scene in a local house where there is a "Talkie", a newspaper officer was shown and a telegrapher was working the key. The telegrapher was the real thing. Pa Newc read every word that the receiver said.

Pa Newc talked with the hustling Carl Shaner of Cascade park a few days ago and Mr. Shaner said that the park this season would be the scene of many large excursions. He said that he has booked several out of town concerns to hold picnics at the local beauty spot.

Within a short time a large corps of carpenters and painters will commence work at Cascade park. Annually the buildings are revamped and repainted. The official gardener, Mr. Ross, is watching over his hothouses and flowers will be placed in May.

When Pa Newc visited East Washington street he discovered that the old rutty condition near the Cascade park entrance has been done away with by repaving. It is an improvement that deserves praise. Likelihood of accidents has been greatly reduced.

United States cavalry from Fort Huachuca patrolled the international boundary throughout the night prepared to meet any emergency endangering American life and property. The Mexican side of the border was practically devoid of women, children and the feeble and aged.

GAS TAX BATTLE IN LEGISLATURE IS TAKING SHAPE

(Continued From Page One)

other leaders have insisted that the increase for the department of highways is unnecessary and that the proposed four-cent gasoline tax should be defeated.

Meanwhile, the four-cent gasoline tax measure is being prepared and will be placed before the house, probably next Monday night. The measure as originally favored by administration leaders calls for the imposition of the tax during the entire two-year fiscal period, but it is probable that this will be modified to make the extra cent tax apply for only one year.

It is pointed out that with the extra cent levy in effect for one year approximately $9,000,000 will be raised while the increased revenue from the new motor code, which provides for boosts in drivers' license fees and motor license fees, will amount to approximately $4,000,000 or $5,000,000. Under this plan the increase asked by the department of highways would be forthcoming without imposing the four-cent levy for the entire two-year fiscal period.

Many Highway Bills.

The probability that this will be the ultimate solution of the problem of highway department revenue and gasoline levies is strengthened by the fact that the house is scheduled to act favorably on a group of highway bills which will be taken up as a special order of business next Monday night when that body reconvenes.

This group of bills includes the Wheeler bill providing $23,000,000 for township roads and $2,000,000 for city streets; the Griffith measure providing that the state share in the cost of maintaining township reward roads; the Sheffer bill which would have the state take over state-aid and township reward roads, and the Gelnet bill providing that the state take over county bridges on all routes.

The movement to limit the increased gasoline levy to a period of one year is led by Representative John Flynn, Elk county, who intimated that the legislature would pass the increased tax measure with little opposition if it applied for only one year. Representative Flynn has had several conferences with Governor Fisher regarding the proposed gas tax increase and indicated that any insistent effort of administration forces to make the increase apply for the entire biennium would be met with strenuous opposition.

by four horses and followed by two carriages carrying the bride's maids. They passed through lanes of men, women and children, who cheered continuously, waved hats and handkerchiefs.

The bride and groom smiled happily and waved their hands to the multitude.

Simple Decorations.

The church decorations consisted only of a few white flowers and evergreens at the altar. The Women's Club, of Oslo, had volunteered to decorate the whole edifice but King Haakon, of Norway, declined the offer.

The bride's gown was kept a secret until this morning, piquing the curiosity of the women who became more and more excited over this strictly feminine secret. It proved to be of silver color, trimmed with Brussels lace. It had a two foot train of the same material, trimmed with roses.

The train bearers were Marthe's nephews, Princes George and Flemming, sons of Prince Axel, of Denmark.

Performed At Noon.

The bride's maids were dressed in light blue tulle frocks, adorned with many frills and cut rather low in the back.

The ceremony, which links the Norwegian and Swedish royal families, was performed on the stroke of noon by Bishop Johan Lunde, of Oslo.

Princess Marthe had eight bride's maids, four from her native land, and four from that of her husband. Of these, Princess Ingrid, the beautiful daughter of the Crown Prince of Sweden, was the most noteworthy. The gowns of the bridal retinue were prepared under the personal supervision of Queen Maud of Norway.

All of Oslo was in gala attire for the ceremony. Today is a national holiday in honor of the event, and almost the entire population of the city turned out to witness the occasion.

Illinois Section Flooded, Several Hundred Homeless

Indian Drainage Levee Near Quincy, Illinois, Breaks Today

(International News Service)

QUINCY, Ill., March 21.—One hundred fifty families were left homeless today as the Indian Grave Drainage District levee, 5 miles north of here gave way before swollen Mississippi river. Some 20,000 acres of land were inundated following the break.

Water also was flowing over the top of the Lima Lake levee and if this gives way 75 more families will be driven out and 15,000 more acres of land flooded.

The U. S. weather bureau at Hannibal said today that though the river is falling slightly now, the rise will be resumed shortly and a stage of 20.7 feet reached, the highest since 1903. The Iowa and Skunk rivers, rising rapidly, are expected to cause the trouble.

Jones Measure Is Found Vulnerable

Case In New York City Reveals Jones Dry Law Bill Is Vulnerable

(International News Service)

NEW YORK, March 21.—The Jones law—passed to terrorize bootleggers—was found to be vulnerable today, according to its opponents.

At least it showed that every prisoner indicted under this new enforcement provision need not plead guilty or face a jury trial and a five year prison sentence on conviction.

Michael Feldodorff, charged with selling whiskey under the Jones Act, had the case against him dropped voluntarily by the government. He pleaded guilty on a second count in the indictment charging possession of liquor and sentence was suspended.

LOCAL MAN HELD AT NORTH CANTON, O.

Police of this city received a call at 3:30 o'clock this morning from Jack Curry, an officer at North Canton, O., stating that he had picked up Fred Newton of this city for driving a car which did not belong to him and was holding him there pending word from here. On investigation here, it was found that a Mr. Isaac of Big Run street, had loaned the car to Newton and did not care to prosecute Newton. Isaac went after his machine.

Deaths of the Day

Mrs. Roberts Buried

Funeral services for the late Mrs. Mollie Roberts of Aliquippa, aunt of Mrs. W. S. Lutz, East Washington street and Mrs. M. E. Sharpe, Butler avenue, took place this afternoon at Slippery Rock.

Mrs. Roberts, who was 72 years of age, died this week at her late home in Aliquippa. She was born and raised at Slippery Rock, having moved to her recent home but a few years ago.

Surviving her are four daughters, Mrs. Mildred Ritchie, Mrs. Catherine Williams and Mrs. Gertrude Bateman, all of Aliquippa, and Mrs. Ivan Wetmore of Youngstown. She also leaves four grandchildren.

Hugh Spence.

Hugh Spence, aged 47, years, of 730 Cleveland avenue, died Thursday morning about 7 o'clock in the New Castle hospital after a brief illness.

Mr. Spence's death was due to pneumonia which he contracted last Saturday.

He was born in Ireland, January 14, 1882 a son of William Spence, deceased and Mary Robinson Spence who survives him. He had been a resident of New Castle for twenty years and was one of the best stone masons in the city. For a number of years he was associated in the stone cutting business with Fred Pascoe. Recently he was in business for himself.

Mr. Spence had laid the corner stone for many of the important buildings in the city including the Cathedral, Temple Israel and a number of school buildings. He was a member of the Croton Avenue M. E. church and the B. M. & P. I. U.

He leaves his wife, Elizabeth Smith Spence and three daughters, Mary R., Elizabeth A. and Hannah J., his mother of Volant and three brothers, James, of Philadelphia, William of Volant, Alex of Volant and one sister, Mrs. James McCullough of Hubbard, Ohio.

Funeral services will be conducted Saturday, March 23 at 2:30 p. m., from the residence with Rev. C. C. Mohney of the Croton Avenue M. E. church in charge. Burial in Graceland cemetery.

Helen M. Houston.

Helen M. Houston, aged 18 years, daughter of William and Olive Houston of Brent, Pa., passed away Wednesday morning in the Mercer hospital as the result of complications which developed from an attack of acute appendicitis.

The young woman was a senior student at the Plaingrove school. Besides her parents she leaves one sister, Leora and a brother, Billy. Funeral services will be held from her late home Friday afternoon. Burial will be made in the Plaingrove cemetery.

Mrs. Josephene R. Thompson.

Mrs. Josephene Reynolds Thompson, aged 78 years, widow of John L. Thompson, died at the family residence 563 East Long avenue Wednesday evening at 10:40 after a prolonged illness of four years.

Mrs. Thompson was born in New Castle, July 25, 1850, a daughter of John F. and Margaret Reynolds. She had spent all her life in this city. For many years she had been a faithful member of the Grace Methodist church.

The following children survive: Mrs. Olive M. Crow of Cambridge Springs, Pa., Mrs. Almeda P. Patterson of Brownsville, Pa., H. J. and C. L. Thompson, Mrs. Margaret Francis and Florence E. Thompson. She also leaves one brother, A. W. Reynolds of this city, twenty three grandchildren and twelve great grandchildren.

Funeral services will be held Saturday, March 23 at 2 p. m. from the Grace M. E. church with the pastor, Rev. J. L. Petrie in charge. Burial will be made in Oak Park cemetery.

Beverly Craft Buried.

Funeral services for Beverly Jean Craft took place from the residence, 637 Ray street Wednesday afternoon at 2:30 with Rev. S. B. Copeland in charge assisted by Rev. George M. Landis.

Interment was made in Oak Park cemetery and the pallbearers were Ruth and Nellie Thompson, Lena McBride and Dorothy Fehl.

Nick Krist

Nick Krist, age 30, died in the New Castle hospital, Wednesday afternoon at 5 o'clock, following an operation.

He is survived by his wife, Mrs. Catherine Krist, three sons and four daughters.

Funeral services will be conducted from the late home, Saturday afternoon at 2 o'clock. Interment will be made in Greenwood cemetery.

STAR LORE

Ancient Star Lore.

By Arthur DeV. Carpenter.

To derive the greatest pleasure from the stars, one must learn the constellations into which the ancient peoples grouped them. Evidently shepherds of Mesopotamia charted and named many of the constellations, for they bear the names of animals of that country such as Aries (the ram), Aquila (the eagle), Leo (the lion). But many others bear the names of Greek mythology, as Orion, Cassiopeia, Andromeda, Perseus, Pegasus. Forty-eight constellations bear ancient names; 40 more, modern. Beyond the 40th degree south latitude there are some 26 modern constellations not visible from more northern latitudes, that were, of course, unknown to the ancients.

ENDS COLD QUICK WAY DOCTORS NOW ADVISE
Tempting Taste! Instant Relief —Then Cold Just Disappears When Treated This Way

No longer is it necessary for colds to cause needless misery or risk of pneumonia. For doctors are now advising a method that has given quick, sure relief—not only in extreme hospital cases, but in home use among vast numbers in New Castle and vicinity.

L. H. Phillips, for example, neglected his cold because it was mild at first. A day later congestion started to spread rapidly; he felt "achy" and feared pneumonia. On the advice of his doctor then he started using double strength doses of Ayer's Pectoral —a hospital-certified medication of wild cherry, terpin-hydrate and other ingredients now used by leading clinics.

Relief began instantly. With the first pleasant swallow he felt its comforting, healing warmth—from his nose passages deep down into his chest. In a few hours the "feverish," "achy" feeling was relieved; congestion began to clear up, and in another day or so, the doctor reports, all trace of the cold was gone.

Note: Other cases reported daily—all certified by attending physician.

Just a few pleasant spoonfuls of Ayer's Pectoral now and you, too, will feel like a different person tomorrow. At all druggists 60c; or twice as much in $1.00 hospital size.

EMBATTLED FARMERS WAIT

IT IS not the coming of the British redcoats for which the modern "embattled farmers" wait, but the coming of the city dweller with his carload of children and relatives, his lunch basket and his shears for the denuding of shrubbery and blossoming plants. It won't be long now, for the farmer thinks, as he surveys the embryo buds and the splashes of green that are appearing on the hillsides.

For the farmer and suburban dweller, the summer means a period of constant vigilance if he is to preserve his growing things. He looks askance at every automobile-load of gay urbanites that passes his door and sighs in relief when it disappears in a cloud of dust down the road. His flowers, fruit blossoms and trees are safe for another few minutes.

It is difficult to understand why men and women, who would not think of robbing the home of their neighbor, consider it perfectly proper to organize foraging parties and go to the country on marauding expeditions. Regardless of fences and no-trespassing signs, they consider any growing thing their legitimate prey.

No matter how finicky they are about trash in their own yards, they think nothing of littering a farmer's field with tin cans, papers and the remains of lunches. No wonder the farmer has no love for the touring city "dude." He has a reason.

THE DEMAND FOR SERVICE

STREET cars in Hamburg, Germany, now carry mail boxes. That is one novelty Uncle Sam has failed to introduce, though it is a means of speeding up communication.

The idea is that often the letter-writer is more than willing to pay a few cents extra in postage for prompt collection and delivery. But if the letter is deposited in the trolley car box it is carried immediately to a central point adjacent to the post office or railroad station, and upon its arrival is delivered to a special mail employe who places it aboard the train up to the final minute of departure. The next step will be street car delivery to airmail depots.

Speed is the modern craze, and Germany is not ready to grant America first place in the go-getter's art. If the United States is to be first in the speeding up of communication, it cannot rest on its oars a minute.

Mail service in the United States has improved greatly in recent years. The airmail, faster trains and better train schedules, improved methods of office handling all have been factors in effecting this change for the better. The placing of mail boxes at the curb obviating the necessity of leaving one's automobile to deposit mail was an idea of great merit.

After all, the public is more concerned with good service and prompt delivery than with postal rates and post office department deficits.

UTOPIA AND 11 PER CENT

WHEN the bloated bondholders of a capitalistic world get wind of the latest financing program of the central executive committee at Moscow there are likely to be some strange conversions to bolshevism. Announcement is made of government bond issues paying 11 per cent interest.

Evidently, as between plain out-and-out capitalism and the "new economic policy" of Russia, the latter can promise rewards beyond the dreams of avarice in less enlightened countries. Just how it happens that in a communistic heaven there are those who have 300,000,000 rubles to invest in government bonds is best left to those who can explain the presence of a horned toad in a cornerstone that has been sealed 30 years.

That isn't what concerns the lover of mankind. His one and only thought is for poor old Ivan Smithski, Russian taxpayer, who will spend the next ten years digging the 11 per cent interest charges out of his jean. And, oh, how those interest dates do roll around! John Smith, the economic slave of capitalism, knows how that is, and he pays only a measly little old 4 or 5 per cent—at the most 6 per cent—to the money lenders. If Ivan Smithski hasn't more liberty than John Smith, he is being flimflammed. He is paying for more.

These modern Utopias are not all they are painted up to be, and such hated capitalistic states as the United States may, on occasion, seem the more idealistic.

4 Billions of Diamonds.

Tom Slick's $30,000,000.

By ARTHUR G. BRISBANE
(Copyright, 1929, King Features Syn., Inc.)

The Great Northern Railway announces a cut of five hours beginning next Sunday, in the running time between Chicago and Seattle. Other Lines have cut time to meet the Great Northern.

The run will be made in 63 hours, bringing Seattle as near to New York, Chicago and other eastern and mid-western cities as Los Angeles and San Francisco are now.

Fortunately for the Pacific coast and the 20,000,000 inhabitants that all live one day between San Diego and the Canadian line, "the coast" is a winter resort and a summer resort.

No part of the coast is more marvelous in summer climate and scenery than Seattle and the whole state of Washington.

Go there this summer, from the Atlantic, and you will spend the 10 hours saved on the round trip telling your friends that you really have seen America.

Spoon-fed newspaper publishers and others who say the race of fighting editors has vanished should see recent numbers of Col. Ewing's newspaper, the New Orleans States, with Col. Ewing's fight against the governor of Louisiana.

Charles A. Dana, in his most energetic days, telling what he thought of President Hayes, could not surpass Col. Ewing.

The colonel, of brachycephalic type, responds to things he doesn't like as a stick of dynamite does to a sledge hammer blow.

This country owns four thousand million dollars worth of diamonds. At 6 per cent, which is a low rate, it costs the owners $240,000,000 a year to look beautiful and shiny, not far from $1,000,000 a day. But it is worth it if it makes the owners happy.

A small part of the four billions represents diamonds doing useful work, cutting glass, etc.

The most useful diamonds are little black stones, hardest of all, that Prof. Michelson of Chicago university employs for ruling with marvelously fine lines on spectroscopic plates. The black diamonds, attached to an automatic machine in a cellar far below the ground where the temperature doesn't vary, move back and forth hour after hour, no man watching them.

When Prof. Michelson takes you down where his black diamonds are working, you may stay only a minute, and are asked to breathe as little as possible, that the heat of your body and breath may not change the temperature of the small room. That is exactitude.

Tom Slick, when young, was a mule driver, roustabout and tool dresser. He was also an American, intelligent, his eyes open. As he worked he thought and he has just sold part of his oil holdings to the Prairie Oil company for $30,000,000.

Mr. Slick, who does business as "Tom Slick, Incorporated," thinks he will spend a year in Europe, think up new plans and start working again.

The American's mind, with few exceptions, is unable to endure idleness, and that keeps at work all those that know how to work.

The big war proved that war is unprofitable, sometimes worse for the loser than for winner. Mexico's war seems to shake the theory.

Mexico says that Gen. Escobar, who intelligently got out of Torreon as soon as Mexican airplanes began dropping bombs, is well on his way to Chihuahua carrying with him valuable loot, including millions of dollars taken from banks in Monterey, Saltillo, Torreon and other small cities temporarily occupied.

However, to say that temporary profit can be made from banditry doesn't prove that real war can be made profitable.

The Fierce Jones law, planned to chill the hearts of bootleggers, wipe out the whisky trade and make prohibition a success, claims its first victim in New York City.

Ten thousand dollars fine, five years in prison, was the program. Would not that frighten you?

It didn't frighten the first victim. He pleaded guilty.

The judge sentenced him to three months in jail, warning all the wicked that later the term would be six months in jail.

It's one thing to "put teeth into a law," another thing to use the teeth.

Other prohibition news. In Brooklyn, a bigger city than old New York, on Manhattan Island, bootleggers engaged in what is called a "racketeers'" fight. Policeman Daniel J. Maloney, in plain clothes, entered the battle as an ally of one of the gangsters. Sgt. Mogarty also entered the battle and shot Policeman Maloney dead. Nobody else was killed.

Hints and Dints

Sun sets tonight 6:12. Sun rises tomorrow 6:01.

There is no telling what will come into a door that is left open without a policeman guarding it.

We are not an engineer, but we are more or less of a sport and we will bet that a great deal of the flood danger along the Neshannock will be obliterated if the Rosena furnace dam is taken out. The dam is not of any use now, so why keep it? Of course there will have to be police guards to keep unsanitary citizens from filling the creek banks with garbage after the water is no longer there to carry it away in flood times. A few shootings or something ought to stop that.

A normal woman is one who knows just how she will snub a few acquaintances if ever she gets rich.

"Willie," asked the teacher, "what was it Sir Walter Raleigh said when he placed his cloak on the muddy road for the beautiful queen to walk over?"

Willie, the ultra-modern, gazed about the classroom in dismay, and then, taking a long chance, replied: "Step on it, kid!"

The girls of Allegheny college at Meadville are insisting that the men who attend the dances and social affairs dress in tuxedos. The girls are right. When women dress themselves in their best and go to dances and dance with bimbos dressed like hack drivers and get all greasy and dirty it's no wonder they kick. Men should dress up in respect for the women. Girls, you are right.

THAT OUGHT TO MAKE IT GO

Hubby: "I can't get the car to go—we're stuck. The darned thing won't budge!"

Wife: "I'll run over to Grace's. I heard her say once that they kept a budget."

Every man is a fool at least ten minutes a day. Don't exceed the limit.

We said something about humans tramping over garden spots a few days ago. A lady told us to mention something about dogs. Some people keep dogs in the city as big as yearling calves. These curs are allowed to roam at will and when they rear over a garden it's bad, when some other huge mongrel comes along and they put on an act like a couple of elephants in a circus, it's just simply bad for the expensive plants in the garden that have been tenderly taken care of all winter. No dog owner respects the dog laws it seems, because if they did their dog would never be off their own premises. It's no wonder some people drop a button for them some times.

The more airships that come down at inopportune times at bad places to land the more we shall refrain from becoming enthusiastics about aviation.

"How's your new office boy getting along?"

"Fine!" was the reply. "He's got things so mixed up that I couldn't get along without him!"

An Ohio farmer was acquitted of shooting and killing one man and wounding another when he caught them raiding his hen roost. That seems fair enough.

Just before a grandson of the former Kaiser of Germany started for America the Kaiser told him to keep his eye peeled while in this country as he believed America is the country all Europe must look to. We had all the countries in Europe looking to us during the world war, but the Kaiser folks turned their backs to us and started home. He still knows a few onions.

A new invention makes silk from cotton and timber. This will be great in this silk wearing age. The girls can take a sheet of any old cotton material and an old washing machine and make silk out of them. Oh wham de doodle wham.

Most men would rather work some one than work for some one.

"Miss Pouder," said the boss, "you are a very handsome young woman."

"Oh!" said the typist, blushing.

"You dress neatly and you have a well-modulated voice. I might add that your department is also above reproach."

"You shouldn't pay me so many compliments."

"Oh, that's all right," said the boss. "I merely want to put you in a cheerful frame of mind before taking up the matter of your punctuation and spelling."

We noticed an item where a man in Texas used four horses to pull a turtle to land which he had hooked and it weighed 1,350 pounds. We believe that. At Key West they keep turtles in pens in the ocean just like they keep bulls in pension farms and there are great flocks of the turtles in the pens. They all weight as much as a horse and more.

"The boss offered me an interest in the business today."

"He did?"

"Yes. He said that if I didn't take more interest in it pretty soon he'd fire me."

Waiting to be somebody will make you nobody.

Seeds of discontent will take root on any soil.

Maybe cattle are inferior. But young bulls don't kill one another because two old bulls couldn't agree.

A school board was visiting a school, and the principal was putting his pupils through their paces.

"Who signed Magna Charta, Robert?" he asked, turning to one boy.

"Please, sir, 'twasn't me," whimpered the youngster.

The teacher in disgust told him to take his seat, but an old tobacco-chewing member of the board was not satisfied; so, after a well-directed aim at the cuspidor, he said. "Call that boy back. I don't like his manner. I believe he did do it."

A man's hardest competitor ought to be himself.

It is said that thousands of stills and barrels of likker were carried away in the floods in Alabama. Sort of a prohibition cleanup that was unlooked for and made without cost to the government.

"Mother, shall I run out and post this letter?" asked a little girl of six years.

"No, child, certainly not," was the reply. "It's pouring in torrents, and not fit to turn a dog out of doors. Let your father go."

An Indiana man killed his wife because she said he was insane. She seems to have been right at that.

The World AND THE Mud Puddles

NEW YORK AND HOLLYWOOD.

Why all the hullabaloo about the girls who go to Hollywood to make their fortune in Moving Pictures? There are more who go to New York. There are just about as many who fail in New York as fail in Hollywood and the streets of New York are somewhat more unpleasant upon a cold winter night than are the streets of Hollywood.

During the present season 25,000 prospective chorus girls applied for employment with New York City's theatrical producers. Most of them came from towns and cities from all over the country. About 5,000 found jobs with "shows" good, bad and indifferent. What became of the other 20,000 would be difficult to say.

The average professional life of chorus girls is three short years and they may expect many weeks of idleness in this period. There always is an over-abundant supply of new ones to select from every fall. Perhaps 150 attain to speaking parts in plays in one season. The rest are rarely heard of again.

Perhaps New York is not News.

EVERY MAN NEEDS—

- A cemetery somewhere in which to bury his grudges.
- A good friend who will listen occasionally to his troubles.
- A deep well into which to drop the memory of his insults.
- A definite purpose if his hard work is to accomplish anything.
- A mastery over himself before he can master other men.
- A wife who is not afraid to criticize nor slow to appreciate him.
- A job that he can respect, or life becomes a mockery.

"Tom" Taggart's Death Marks Passing Of Political Bosses

Indiana Democratic Leader Is Called Best Example Of His Type And Man Whose Word At All Times Was His Bond

"The last of the great old-fashioned bosses in American political life passed with the death of Thomas Taggart of Indiana. "Tom" Taggart has been called the best of his type. Comments on his death emphasize his loyalty to party and to political associates and the scrupulous care with which he always kept his word. Through such qualities he held his place in the Middle West as the Warwick of his day.

"He was one of the most extraordinary men that Indiana has known," is the opinion of the INDIANAPOLIS NEWS, which offers the analysis. "His mastery of men was not laborious or strained. He ruled easily. His party sought his leadership and when he had spoken there remained no room for dissension. *** When he was appointed United States senator he filled the requirements nobly, making secondary to the country's needs all purely party or personal preferences. Few men of his time were more widely known personally or more affectionately regarded."

"The end of an era" appears to the DETROIT NEWS to be marked by his death, and that paper, referring to those who have been called Warwicks and have "wielded very great power very autocratically," continues: "Among the chieftains surviving in either party in these recent years only Taggart attained mastery that ranked him in the Warwick class. Taggart 'reigned' in his day in Indiana and goes to his grave as the last of the bosses. It seems the end of the era because, as the acknowledged bosses have disappeared like lights extinguished, their successors have not arisen."

"In his lifetime," recalls the NEW YORK TIMES, "he made governors and senators, at least two vice presidents and some presidential nominees. In 1904, when he was national chairman, his move to Alton B. Parker came strategically and with powerful effect. At Baltimore in 1912, when Mr. Taggart swung the nomination to Woodrow Wilson followed closely. If the late Senator Ralston had permitted himself to be made an active candidate in 1924, many observers believed that Taggart would have made him the beneficiary of the Smith-McAdoo struggle, as indeed he greatly helped to make John W. Davis."

"He maintained his standing and leadership over a long period and was more than once the 'Warwick' of the Democracy of the nation whose President-making abilities were recognized," declares the ROCK ISLAND ARGUS, while the FLINT DAILY JOURNAL calls him "the Democratic leader of the Middle West and a power in any convention he attended."

"It may be said for him," according to the INDIANAPOLIS STAR, "that if all political leaders in this and other states, of both parties, were as honorable and fairminded as Mr. Taggart, politics in Indiana and nation would be a much improved institution." The SCHENECTADY GAZETTE pays the tribute that "in years to come Taggart is likely to be remembered as a man of his word, and loyal, rather than as the maker of vice presidents, senators and governors". The YAKIMA DAILY REPUBLIC says: "Politics was a game in his estimation, and he liked it, and he was a good sport who always played square."

"We cannot exalt Mr. Taggart's type," remarks the HARTFORD TIMES, "but he was a sincere Democrat, a bulwark for his party in the near West, and doubtless much more of a character for memorable service in his community than many a starch-fronted, straight-laced exemplar of the civil-service-reform school." The SCRANTON TIMES observes: "While Taggart was always out for results—that is, victory at the polls—nevertheless he disdained bipartisan agreements such as were often indulged in by leaders, both Republican and Democratic, in other states."

"He made friends and kept them," records the DAYTON DAILY NEWS, analyzing Mr. Taggart's position in these words: "The friendships which Tom Taggart cultivated were not simply those of political expediency. The majority of these relationships were of a permanent nature, extending far beyond the time when they could be of selfish value to either of the principals. The friends he made in the turmoil of political strife were still his friends in the calmer years which followed." The SPRINGFIELD ILLINOIS STATE REGISTER declares: "He was a political genius, a genuine friend and a Democrat who helped to make his party stronger through adherence to enduring principle."

"Indiana has gained by having had Tom Taggart as a political leader. He was as honest as a political system will let any man be," avers the LITTLE ROCK ARKANSAS DEMOCRAT, while the DAVENPORT DEMOCRAT, linking him with Roger Sullivan and William Brennan, asserts: "Those who knew them were aware that they had higher ideals than they were usually given credit for. They knew that their ideals could only get a hearing and a chance to function through the realm of practical politics, so there played the game, deeply but squarely, and as a group they represented a class of political leaders that is disappearing."

"He reached the seats of the mighty in America," the HOUSTON CHRONICLE says, and the Texas paper, discussing a group of political leaders, comments: "Taggart undoubtedly had more to commend him than some of the others, but his kind of politics is passing out with him. There will be none to take his place."

"Thomas Taggart's name must be inscribed high on the roll of honor for American politicians," in the opinion of the SOUTH BEND TRIBUNE. "The elements that are necessary to outstanding political success were combined in him. He had the personality to handle confidence and the ability to translate his ideas and ideals into the terms of practical politics. *** He will be remembered best, however, as a political boss who did not resemble, physically at least, the legendary boss created by the cartoonists. The Democratic party, the nation and Indiana have reason to regret Mr. Taggart's passing."

A comprehensive statement in tribute comes from the ASHEVILLE TIMES with the conclusion: "He was one of the ablest and in personality one of the most engaging of a long line of political bosses in both great parties who for many years dictated nominations and raised the sinews of war for national campaigns."

The Way OF THE World

By GROVE PATTERSON

GROWING

Amiel, famous for his journal, said: "He who ceases to grow greater becomes smaller; the stationary condition is the beginning of the end."

To rest up and take it easy is well enough for a limited period. People who decide they have done enough and got enough and make up their mind to rest and take it easy permanently, have done much worse than they think. They haven't adopted a settled and stationary condition. They have started back. The garden of the mind can't be let alone and remain beautiful. It has to be cultivated.

SOUND CONSTRUCTION

A building with a beautiful front, but lacking in sound construction, top, bottom and rear, and faulty in foundation, will soon be found out by the tenants. It is a fake and a false pretention. An automobile that is all paint and no performance will soon be found out by the driver. Material things that are false don't "get by" very long. How is it that people who are all front and have no foundation, either in intellectual equipment or character, expect to go far without being found out? A good front is an asset for any man, but it can't last and it isn't even worth having if there is no sound construction behind it.

Just Folks

Age and Youth.

Gay youth was there, and merriment
And laughter free from care
And a tired old heart sat far apart
Eyeing them from his chair.
He spake no word the young folks heard
As he sat and watched them there

They looked at him as youngsters will
Whose lives must still unfold.
But they only saw the toothless jaw
And the flesh that felt the cold,
And the wrinkled lines which are the signs
Distinguishing the old.

'Tis well that youth can laugh and play
And live its month of spring.
That it does not see in you and me
What time to them must bring.
For to think "some day I shall age that way"
Would be a frightful thing

Yet that tired old man with the tresses gray
Knew well what time would do
But he never spake: "You may some day shake
With paralysis agitans too"
He wouldn't spoil youth with the dreadful truth.
By telling them all he knew.

Daugherty Eulogizes Late President Harding

EDITOR'S NOTE:—This is the third and final article based on an exclusive interview with Harry M. Daugherty. In previous articles Daugherty defended his record as attorney-general as well as the character of the late president Warren G. Harding under whom he served.

SARASOTA, Fla., March 21.—Harry M. Daugherty, attorney general in the cabinet of the late President Warren G. Harding pictured Mr. Harding as "a loyal friend and a great president" in an exclusive interview with International News Service at his winter home here today. He also reminisced on his long association with Mr. Harding and related several incidents revealing the vital part he played in Harding's career.

"Harding was like a younger brother to me," said Daugherty, as he recalled "the old days" when he and Mr. Harding were both in politics in Ohio. "I enjoyed every minute of my association with him. He was the most charming man I ever knew. We had one big fight—and only one. But I won't tell you what it was about."

Daugherty was asked to reveal the extent of his influence with the late president, and this was his reply:—

"They thought because I was close to President Harding and had helped him in his political rise that I was the last word. I was in some things, but Mr. Harding was a man with a mind of his own, no one would be appointed against my protest, but Harding selected his own cabinet.

"I always stood for the president against his cabinet if he was right, and for the president and the cabinet against Congress if they were right, and for Congress and the president and the cabinet if they were all right."

Discussing the "old days," when Mr. Harding was United States Senator from Ohio, Daugherty said he was convinced at that time that Harding was of presidential calibre. He said he made a tour of the country feeling out sentiment and returned to Washington and talked to Harding. Then Mr. Harding made several speeches and Daugherty studied their effect.

"Harding and I were talking in my den in Washington at 2 o'clock in the morning and he asked me, with some doubt in his voice if I really thought he should run for the highest office in the land", Daugherty related.

"I said to him: "If it were I I'd go into the big circus."

"He replied: "I'm going to do just as you say, Harry."

"I said: "You can't do as I say. I don't want the responsibility."

"So Harding made his own decision."

Daugherty said that it was he who suggested to Harding that the latter should advocate prohibition and woman suffrage. He revealed this upon declining to give his views on prohibition and dry enforcement.

FEAR HUNDRED MINERS STILL IN MINE OF VALLEY COAL CO.

rence and John Kilgore, and they were to be aided by Abner Henry and Fred Trachner of the district attorney's office.

The full force of the explosion struck near the base of the shaft sending out a shaft of smoke and flame, and apparently trapping a group roughly estimated at one third of the total number of men who had entered the mine at the day shift.

Group May Be Trapped

Two of the three groups into which the mine was divided made their way back from the scene of the blast to a connecting entry in the Valley Camp mine and it is believed that most of these are safe. The last third nearest the shaft may be trapped by flames and this group is expected to yield the casualties.

Of the 145 who made their way out, the large majority were unhurt.

The first two victims of the explosion to be recovered were found near the tipple. They were taken to the New Kensington General hospital, where a cursory examination showed them to be suffering from burns and shock.

They were identified as Charles Hemphill, 28, of Parnassus. Hemphill, a mechanic, and Willam Taylor, negro, New Kensington, who with five others were on the tipple when the explosion occurred. The seven were thrown off the tipple to the ground.

The day shift at the mine had just entered the workings, and it is believed that the blast also caught some of the night shift who had not yet been able to make their way to the surface before the gas blast let go.

The New Kensington fire department rushed to the scene, while emergency calls for ambulances were sent to towns throughout the region.

The Kinloch mine was rocked by a blast on February 21, 1928, which took a toll of twelve lives. It has been the scene of disorders during the bituminous strike.

An official of the mine gave the first eye-witness description of the blast.

"A great burst of flame shot out of the pitmouth," he said, "a sharp blast followed an instant later.

"We dont' know the fate of our men. Our rescue crews are making ready to enter the pit," he said.

Hope for Rescue

Kinloch Mine, Near Parnassus, Pa., March 21.—Hope that most of the 200 or more men still entombed in the Kinloch mine of the Valley Camp Coal Company by a gas explosion early today may be rescued was expressed by grimy rescue crews which penetrated the flame-swept workings of the mine.

At shortly before 11 a. m. 135 miners had escaped from the wrecked workings and others were believed on their way to safety.

At that hour it was believed that approximately 300 men originally had been entombed.

Groups of men emerged from the wrecked working at two entries, 37 men escaping through the entries of the Valley Camp mine, workings of which join the Kinloch mine underground.

Men Emerge

Small groups fought their way out of the blast-torn mine in a steady stream. They were members of two of the three groups or sections of miners employed there. A third group, which may number 100 men, has not been reached, and it is thought this is in gravest danger if not already stricken.

Grimy men, their clothing in tatters, fought their way through the Valley Camp entries. The group still unrepresented in the survivors is closest to the tipple of the Kinloch mine, which is in flames.

The flaming tipple shot tongues of fire 60 feet into the air as firemen battled to extinguish it.

The survivors poured into emergency aid camps in a steady stream, most of them suffering from the shock of their experiences.

The fact that the Kinloch mine and the Valley Camp mine meet underground and have a passageway connecting them probably saved the lives of the survivors, for the flame apparently was between two of the three groups and the Kinloch pitmouth.

Tell Graphic Stories

The survivors told graphic stories of the blast as they rested at the emergency hospital cots.

Stanley Palowski, one of a group of 15 men who made a successful two-hour fight for safety, said:

"We went down the mouth of the mine a mile or so, me and my buddy. We heard a roar. 'My God! Explosion!' my buddie holler. There wasn't any gas or fumes, so we turned back. We made our way to the Valley Camp entry and out."

William Birbin, attendant at a filling station a mile from the mine, was first to spread the alarm.

"I was shaving when the explosion came with such force I cut my face. I ran to spread the alarm."

The mine, a few miles from Parnassus, is on a bleak hillside overlooking the Allegheny river.

Drift Entrance

The mine has a drift entrance, but in the last few years it has been worked through a shaft. Men trapped in the workings would have egress through the sloping drift opening, but it might be days before they could make their way to that entrance. Mine rubble would bar their way and they would have to get through a maze of tortuous, winding tunnels.

They might reach the surface through other workings also. The Kinloch mine has had an opening into the workings of the H. W. Boyd mine since February 21, 1928, when an explosion blew in broke down coal barriers between rooms of the two mines.

The mine was rock-dusted and had passed the inspection of the Bureau of Mines with an excellent record.

The explosion occurred one hour after the day shift of approximately 300 miners had gone into the earth.

Four miners in the Boyd mine rushed to the surface when the explosion shook the pit in which they were working.

Several miles from the main heading, they were unable to bring word as to the fate of the entombed men.

One explanation of the disaster which reached officials was that the belt of a coal conveyer at the mine's mouth had snapped, hurling the conveyer down the shaft where friction threw a spark in the coal dust, causing the explosion and fire.

Overwhelming clouds of black smoke and swerving flames handicapped the mine rescuers and the rescue squad from the government's bureau of mines.

The tipple was virtually wrecked by the ear-splitting blast that awakened residents of nearby towns and what was left standing was being fast consumed by flames.

TRICKY WRITING

Said John Burroughs: "One fault I find with our younger and more promising school of novelists is that their aim is too literary; we feel they are striving mainly for artistic effects. Do we feel this at all in Scott, Dickens, Hawthorne or Tolstoi? These men are not thinking about art but about life—how to produce life."

Something like the thing Burroughs had in mind must have occurred to many in reading occasional examples of modern advertising. There seems to be an attempt on the part of the writer to produce a striking effect of words. He tries to do tricky things with language. He seeks to register with a phrase instead of trying simply and naturally to tell the reader about his goods.

Are we not more impressed by advertising which is simple and direct and obviously truthful than we are by tricky phrases?

PRESENT CANTATA AT MT. JACKSON

The cast of the Easter cantata which will be presented by the pupils of the Mt. Jackson high school next Wednesday evening in the school auditorium are working on practices and indications are that it will be one of the largest of its kind ever to occur in the school. Sixty pupils will take part.

Prior to the cantata, the school orchestra will present a concert. Both sections of the evening's program are in charge of William McCullough, director of music.

Everyone has some "wise" suggestion for stopping a cough. But here's one that really *works*. One that is scientifically correct. One that is absolutely safe.

Smith Brothers *Triple Action* Cough Syrup does exactly the three things that medical science recommends for stopping coughs. It soothes the irritated tissues, it is mildly laxative, and it clears the air passages...Quickly, it brings relief.

Even a stubborn cough yields to Smith Brothers Cough Syrup! The famous cough drop flavor makes it pleasant both for children and for grown-ups!

Poison Tablets Kill Infant Son

GALLIPOLIS, O., March 21.—Robert Davis, infant son of Mr. and Mrs. John Davis, died in convulsions at a hospital here after eating some poison tablets that belonged to his parents. He was found dying by his parents, who rushed him to Holzer hospital, but physicians were unable to save his life. He was 19 months old.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Paisley Pharmacy.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

WHO'S WHO!

All this while Peter was telling all he knew, Sir Drake had said never a word.

He had floated very close to the bank and now the boy noticed that the bird was gazing at him intently with a queer expression that Peter could not quite make out. Somehow he felt as though Drake wanted very much to laugh at him. At last the bird spoke in a husky voice that appeared to shake a little.

"Do you think that what you have told me is anything to be proud of boy?" asked Drake solemnly.

"If I were you I should feel mighty ashamed of myself for spying into the privacy of perfect strangers and here you are bragging about it! There is one thing sure—if ever I had done such a sneaky thing no one but myself would ever know it. I would not go around telling about it.

"Strange what rude creatures the Two-Legs are! Strangeer still how much better than we birds they think themselves! Why, they never lose an opportunity to make things miserable for us if they possibly can, as if life wasn't hard enough for us as it is.

"I don't believe any other race in the world, unless perhaps it is the insects, run such risks and are surrounded with such dangers as are we birds!

"Even the rains and the winds become our worst enemies at a moment's notice! But then, none other

DO YOU THINK WHAT YOU HAVE TOLD ME IS ANYTHING TO BE PROUD OF, BOY?

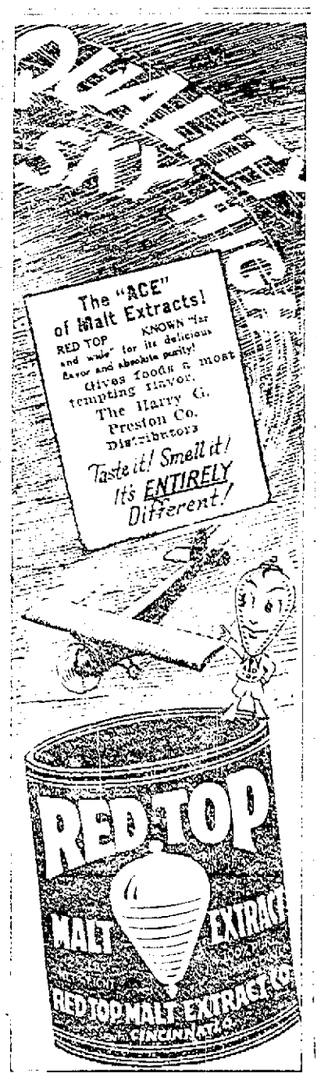

knows such joys as do we birds. We have wings to fly where we will in the air, feet to walk on the earth when we are weary of cloudland and we water birds with the webbed feet are the happiest of all, for we can make merry with the waves whenever we wish and we wish to most of the time.

"No land for me or mine when there is water at hand.

"So you think you know all about me do you, Two-Legs? Well, let me tell you right now that you have never set eyes on me before today in all your life and for a very good reason.

"This is the first time I have ever been in this part of the country and I am not going to stay here long, either. Soon my wife and children will join me—I expect them almost any time—and then together we all shall fly to the sea."

What Will you do

When your Children Cry for It

There is rarely a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless. Castoria was never more popular with mothers than it is today. Every druggist has it.

Seniors To Wear Caps And Gowns

New Wilmington High School Begins Preparations For Commencement

(Special To The News)

NEW WILMINGTON, March 21.—Preliminary preparation for the commencement exercises, which are to be held by the local high school here June 12, have been furthered by the appointment of a class night committee by Principal G. E. Nord.

The seniors recently voted to wear the academic cap and gown at their graduation exercises this year and have since been considering the event through purchase and ordering class invitations.

The students appointed on the class night committee are: Thomas Hutchison, president of the class, Kathryn McClure, Victor Smith and Rebecca Wallace.

Yesterday afternoon the Woman's Missionary society of the local United Presbyterian church held a meeting in the church and Mrs. Downie and Mrs. Letitia Elliott led the discussion of the themes, "Sins of Africa" and "What Next in Home Missions."

A large group was present at this last meeting of the current church year.

Continuing to work through yesterday and today the visitation committees of the various churches are reporting some success in their effort to bring more New Wilmington families into church contact.

Chairmen Are Named To Act For Convention

Chairmen of the various committees which will function during the annual convention of the Pennsylvania State Teachers association when it convenes in New Castle next December, were made public this morning by Dr. C. C. Green, superintendent of city schools.

They are as follows:

Hotels—Frank L. Orth.

Transportation—F. L. Burton.

Halls and meeting places—J. M. Hughes.

Commercial exhibits—Roy G. Leslie.

Information—Browne K. Thacker.

Publicity—Miss Anna R. Perry.

Reception—Miss Iretta V. Dart.

Association dinner—Dr. Mary J. Baker.

Special dinner and luncheon—Miss Nannie Mitcheltree.

Music—Miss Gladys Rich.

The membership of these committees will include not only school officials but also residents not connected with the schools. So that the convention will be a success, Dr. Green is asking that the entire community cooperate as actively as can be done.

Dr. Green will act as general chairman of arrangements in connection with the convention.

National Funeral For Marshal Foch

(International News Service)

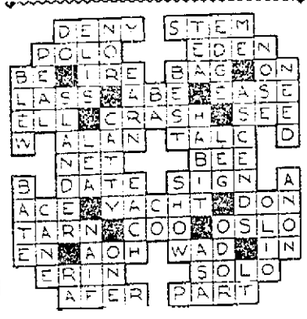

PARIS, March 21.—Marshal Ferdinand Foch will be given a national funeral, it was unanimously decided Wednesday evening at a special cabinet meeting called for the purpose.

There have been only five national funerals in the history of France. These were for Leon Gambetta, Victor Hugo, Pasteur, Sadi Carnot, and former President Faure.

Premier Poincare issued the call for the special cabinet meeting almost immediately upon receipt of news of the Marshal's death.

Piles Go Quick

Without Salves or Cutting

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt found the remedy and called his prescription HEM-ROID. He tried it in 1000 cases with the marvelous record of success in 96 per cent, and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from McKee's Nut Rate Store, Eckerd's of New Castle, Inc., today. It has given safe and lasting relief to thousands and will do the same for you, or costs you nothing.

Can Contribute To Red Cross Relief

Southern Flood Sufferers In Need; To Make No National Appeal

Local Red Cross officials have received word to the effect that all relief operations in the flood areas of Alabama, Georgia and southern Mississippi and northern Florida have bee ntaken over by the national Red Cross organization.

Relief headquarters have been established with expert relief workers in charge, assisted by Red Cross workers of the chapters in the states affected.

It is believed that no national appeal for flood funds will necessarily be made. Attempt is being made to secure the needed amount within the states where the flood has created damage. Officials, however, state that the amount must be large and that additional contributions from outside sources will be welcomed.

Each Red Cross chapter has been authorized to accept any such contributions, and will remit promptly all such donations to national headquarters to be used expressly to finance relief work in the flooded areas.

Glycerin Mixture Beats Soda for Sour Stomach

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, helps GAS on stomach in 5 minutes! Most medicines act on lower bowel only, but Adlerika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. The first day you take Adlerika will be the best day you had for years! Just ONE spoonful relieves GAS and constipation and takes away that full, tired feeling after meals. Adlerika is sold by all druggists.

THE fine and final touch of modern motoring—straight eight power—now lends its liquid fluency to Studebaker's famous Commander!

A cozy coupe or a racy roadster—quickly and at will.

The new Commander, now available as either an eight or a six, worthily succeeds to the renown of its illustrious predecessor, which sped 25,000 miles in 22,968 minutes.

The Commander's potent appeal of tireless speed is admirably matched by youthful, vivid style. Lines are lower and longer because of Studebaker's costly double-drop frame. Even in repose, you sense The Commander's fleetness, and its power, and its brilliant deportment.

Restful riding, such as motoring never knew until Studebaker introduced ball bearing spring shackles, is still further enhanced by hydraulic shock absorbers.

The sum of the new Commander's qualities, make it now, more than ever, "the greatest motor car ever built and sold at its low One-Profit price."

Pershing Affected By Foch's Death

(International News Service)

PARIS, March 21.—General John J. Pershing who is now in Paris, informed by International News Service of Marshal Foch's death, was deeply affected by the news.

"The death of Marshal Foch fills me with the deepest grief," he said, "and at this moment the memory of those trying days of the World War when we fought side by side comes vividly to my mind.

"All Americans will remember him," the General continued, "as the great commander. The memory of his triumphal visit to America will remain for us a precious souvenir. My most sincere sympathy goes out to the members of the Marshal's family, and to the French people at this sad hour."

Clear Skin

IT'S the person with a clear, smooth, lovely complexion that usually wins.

To be sure, not much is said openly about skin eruptions, but secretly they influence many important affairs. Personal likes and dislikes are quickly formed.

Everybody wants to be attractive. It is a just and natural ambition. A clear skin makes everyone more attractive.

Skilled physicians recognize the appearance of pimples, boils, eczema and other skin eruptions as being an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

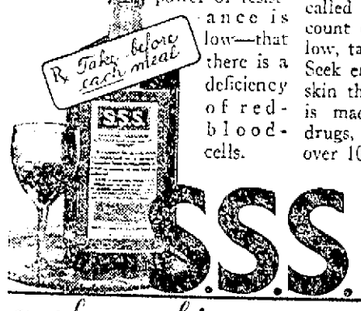

The sure way to remedy this condition is to restore the red-blood-cells to normal.

This is why so many thousands have been enabled to free themselves of those unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

S.S.S. helps Nature restore the blood to its normal state. Healthy blood makes the body strong and resistant to disease.

Without plenty of rich, red blood there could be no strong, sturdy, powerful men, or healthy, beautiful women.

If you are troubled with so-called skin disorders or if the count of your red-blood-cells is low, take a few bottles of S.S.S. Seek energy, vitality and a clear skin through the remedy, which is made from fresh vegetable drugs, and has stood the test of over 100 years.

Bell Officials Hold Conference Here Wednesday

Plans Are Made For Big Expansion Of Business In Local District

New Power Plant And Switchboard Additions Now Being Installed

CARL R. FREEHAFER

C. R. Freehafer of Pittsburgh, general commercial manager of the Bell Telephone Co. of Pennsylvania; H. H. Shearer of the American Telephone & Telegraph Co. of New York, and P. L. Schauble, general information manager of the Bell Co. of Philadelphia, in company with a number of Mr. Freehafer's staff were in New Castle yesterday to preside at a meeting of managers of the New Castle district.

Plans for the expansion of the company's business during 1929 in Lawrence, Beaver and Mercer counties were discussed. Accompanying them were C. Montague, division manager; M. F. Dull, general sales manager; T. J. Harper, general directory manager; D. F. Cassidy, division sales manager, and W. H. Huntzinger, assistant commercial supervisor of the Pittsburgh office.

Mr. Freehafer expressed himself as being particularly pleased with the strides being made in the development of the telephone business and in the improvement of the telephone service in the New Castle district.

He stated that during 1928, 2140 telephones were added to the system in the New Castle district, 587 of which were added in New Castle and the immediate territory. During 1929, he estimates that 2,500 additional telephones will be connected in this territory. He also mentioned the installation which is now under way in the New Castle central office of six positions of switchboard and a new power plant, costing $89,000, in order to provide for the service needs during the next few years.

In the evening a meeting was held in The Castleton, which was attended by all of the employes of the commercial department from the New Castle, Rochester, Sharon and Greenville business offices. The meeting was addressed by Mr. Freehafer and Mr. Montague and by several of the visitors.

Local arrangements for the meeting were completed by W. R. Bingham, district manager.

Hold 'Exams' Here Monday Evening

Civil Service List Must Be Made Ready For New Police

Members of the civil service board will hold examinations for prospective city policemen, Monday night in the council chambers, city hall. The examinations will commence at 7:30 p. m. Candidates should file their applications at the office of the city clerk who will submit them to the secretary of the board.

According to the civil service law all candidates must be citizens, 21 years old, five feet eight inches tall and weigh 150 pounds and have paid city or county taxes for the year past. The old list, which contained the names of several dozen candidates has become inoperative on account of the time limit.

It is said that there will be two policemen appointed to the department, to fill vacancies.

Youngstown Pastor At Trinity Church

Brilliant Young Man To Preach At Lenten Services This Evening

The special preacher in Trinity church tonight at 8 o'clock will be the Rev. H. R. Higgins of St. John's church Youngstown, O. Mr. Higgins is a very brilliant young man having been recently elected to the professorship of Hebrew at Bexley Hall, Gambier, O., which is the theological school connected with Kenyon college. In accordance with the program this service will be attended by the Men's club.

The service will be the Litany and sermon. This is the last of the Thursday evening Lenten services in Trinity church. The preachers this year are from the Shenango and Mahoning Clericus, according to a schedule made out by The Rev. L. W. S. Stryker of St. John's church, Youngstown.

Next week, on Wednesday evening, the rector will conduct at 8 o'clock a devotional service in preparation for the Easter communion, the Senior choir leading the singing. All confirmed persons will make a special effort to be present.

Croton avenue M. E. church is preaching at each service and his heart searching messages are making a deep impression on all of his hearers. Wednesday evening Rev. Mohney preached on the theme "What Jesus Does for Us." He spoke of what his death did for us. His resurrection, His life and His coming will mean for us.

There have been a large number of conversions during the week. Music led by George Fox of this city adds much to the interest of the services.

Levy Enters Plea At Court Today

Walter Levy entered a plea of guilty before Judge Hildebrand this morning to a charge of obstructing a legal process. It is claimed that when Deputy Sheriff Kenneth Musser went to the Levy home on Highland avenue to serve a writ on some furniture, that Levy began breaking up the furniture by smashing a plate glass mirror.

Stomach Upset?

DANGER

Nature Warns of Impending Danger —Buenger's Bi-REX Alkiline Powder Relieves quickly!

Sour, acid stomach, belching, gas and a "lumpy" feeling after meals are Nature's danger signals. Do not neglect them. Indigestion and other stomach disorders quickly develop into such serious diseases as ulcers of the stomach, mucous colitis and even cancer.

Correct these disturbances with one dose of Bi-Rex. Powerful and effective, yet positively harmless to the most delicate of stomachs, Bi-Rex creates a counteraction to the harmful acids of the stomach; acts as a natural purgative; regulates the flow of bile; and performs the functions of an internal antiseptic. Medical authorities concede it to possess extraordinary merit and curative value.

This splendid treatment rids you of stomach disorders quickly and safely. Bi-Rex goes to the source of stomach disorders and removes the cause in a scientific manner. Start today for stomach health. Bi-Rex is sold on the basis of satisfaction or your money refunded. McKinley and Frantz have it.

Put a "handful of health" in the muffins tonight

IT TAKES only a few minutes to make bran muffins if you use the famous ALL-BRAN recipe. Just try it. You'll get the lightest, fluffiest, *best* muffins you ever took from the oven. All the family will surely praise your skill that night!

And remember, you'll be helping them to better health at the same time. For so many foods are lacking in bulk or roughage. And it is this lack that so often causes constipation—which in turn steals energy and health and may even cause serious disease.

Kellogg's ALL-BRAN provides bulk in generous quantity because it is 100% bran. By serving it in some form every day you can protect your family. So many ways to serve it too. In waffles, breads. Sprinkled into soups. Mixed with other cereals. And, of course, with milk or cream, fruits or honey added, it makes a delightful breakfast dish.

Be sure you get genuine Kellogg's—the original ALL-BRAN. Part-bran products, at best, bring part results. Doctors recommend ALL-BRAN. Just eat two tablespoonfuls daily—chronic cases, with every meal.

Sold by all grocers. Served in hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

ALL-BRAN *Muffins*

2 tablespoons shortening, ½ cup sugar, 1 egg, 1 cup sour milk, 1 cup Kellogg's ALL-BRAN, 1 cup flour, ½ teaspoon soda, ½ teaspoon salt, 1 teaspoon baking powder.

Cream shortening and sugar together, add egg. Mix and sift flour, soda, salt, and baking powder. To creamed mixture add ALL-BRAN, then milk, alternately with sifted dry ingredients. Pour into greased muffin tins, and bake in moderate oven (370° F.) for 20 minutes. Yield: either 8 large or 12 medium-size muffins. If sweet milk is used instead of sour, omit soda and use 3 teaspoons baking powder.

Guaranteed! *Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.*

Scouts Will Have Air Plane Model Contest

Executive Calahan Announces County Wide Plane Building Meet

Boy Scouts Will Take Entire Day For Air Meet; Many Awards

Preliminary arrangements are being made, announces J. Lee Calahan, Chief Boy Scout Executive here, for a county wide airplane building contest for the scouts of the entire county, which will be sponsored by D. Roy Bradford, local airport owner. The contest will be known as the Bradford Airplane Contest, and final announcements concerning the rules and prizes will be made from scout headquarters soon.

The idea behind the contest, states Calahan, is to utilize the experience of the scouts in handicraft, carpentering, and mechanics as well as to stimulate a greater interest in aviation.

The contest will be open to all scouts in the county and the exhibit of the work and awarding of prizes will be made during May at the New Castle Airport on the Youngstown road by Mr. Bradford. The exact date for this big meet and model display has not been set nor will be until shortly before the meet so that weather [illegible] will be partially known.

The [illegible] will not be [illegible] of model [illegible] will build but [illegible] may be any [illegible] be copied.

Special prizes will be awarded the finest of the planes in each of the various classes and types which will be announced. Fine craftmanship will be the main factor determining the worthiness of the exhibit.

One whole day in May will be given over to the displays at the climax of the contest. Scout troops may choose their best exhibit previously and there will be special troop prizes, patrol prizes, individual awards and it is thought that there may be a sectional award.

Troops and the 300 scouts in the county should start their work on models immediately, states Mr. Calahan. Final plans for the meet will be mailed to all scoutmasters in the near future so that inter contests in the troops between the patrols may begin.

The prize awards will be shown in down town business house display windows as well as the model ships.

Two Are Killed In Oil Explosion

MARCUS HOOK, Pa., March 21.—Two men were burned to death and three others seriously burned in a fire at the Sun Oil Company plant here after an explosion in an oil still. Scores of workers and firemen were slightly burned.

The dead are: James McAbee Jr., 25, of Marcus Hook, still operator, and Joseph C. Bennett, 35, Linwood, Pa., company fireman.

Homes 200 yards away were threatened by flaming oil carried by the wind.

Give Reports On Tarentum Meet

Delegates To Recent Y. M. C. A. Affair Relate Story Of Conference

Members of the Phalanx fraternity of the Y. M. C. A. heard oral reports of the recent young men's conference at Tarentum when they met last night for their regular meeting. The local club sent three delegates to the Tarentum affair.

Those making reports last night were Floyd W. Lusk and Everett McClaren. Lusk and McClaren spoke of the conference sessions. A report of the conference institute will be given at next week's meeting.

At last night's meeting a communication from the Tarentum Phalanx fraternity, asking the local club to send a basketball team there to compete with other Phalanx squads on Saturday, March 23, was read. The members rejected the offer because of the limited time left to prepare.

At the conclusion of the meeting, the fraternity gave Jack Etter a vote of appreciation for his past service for the club. Etter left today to enter the Tri-State college in Indiana.

Plan Features For Arbor Days

HARRISBURG, March 21.—Celebration of the coming Spring Arbor and Birds Days, April 12 and 26, gives promise of being the most outstanding event in the history of the movement, Dr. John A. H. Keith, superintendent of public instruction, said today.

The Department of Forests and Waters has distributed approximately 7,000,000 trees for planting in sixty-six counties of the state. A collection of ornamental trees has been secured and allocated to the county superintendents of the state.

During the two observances scheduled, an organized effort will be made to beautify the school plants of the state. The programs will not be confined to the planting of trees alone. Plans have been made to plant shrubs, vines, climbers, hedges, perennials, and other flowering plants in a way that will make the school grounds more beautiful and attractive.

School authorities and teachers have been requested to encourage the following:

1. Painting properties.
2. Cleaning and tidying yards.
3. Removing unsightly fences and substituting a hedge.
4. Planting a shade, fruit, nut or ornamental tree; shrubs, vines, hedges, perennial flowers.
5. Help reforest a barren hillside, or plant a vacant plot.
6. Plant a food tree, provide a nesting box, a shelter or a drinking fountain for the birds.
7. Make a plan so that additional plantings may fit into some ornamental scheme.

GARDNER

Rev. A. G. Montgomery, United Presbyterian minister of Lowellville, preached last Sunday afternoon at Gardner chapel. Mrs. Montgomery, accompanied her son to the service and was delighted with the singing of the children of the Gardner Sunday school.

Rev. Benny Watkins, Methodist minister and superintendent of the City Rescue Mission, will be the speaker at Gardner next Sunday.

Miss Julia Harlan of Harlansburg has been a guest for some days of old friends at Gardner.

Alfred Dutterer of North Sewickley called on friends at Gardner last Monday.

Mrs. Mary Miller of Basil, O., returned to her home last Sunday after spending a week with her relatives at Gardner.

Mr. and Mrs. Philip Moore and children, of Gardner, spent Monday evening at the home of Mrs. Moore's parents, Mr. and Mrs. Zeigler, of the Butler road, and their children remembered that it was the 33rd anniversary of Mr. and Mrs. Zeigler and all gathered surprise fashion to offer congratulations and give expression of filial affection. There were 26 present, children and grandchildren. It was a delightful family reunion and an occasion greatly appreciated by the honored couple and one long to be remembered by all present.

Mr. and Mrs. T. J. Shaffer and family of Gardner went to Wurtemburg last Thursday to the funeral of Mrs. Blair, a niece of Mr. Shaffer. Mrs. Blair was greatly beloved by a large circle of relatives and friends.

How a cough *may jar your whole nervous system!*

COUGHING wears you down. It disturbs your sleep—takes away your appetite—uses up the strength you need to fight off serious infections.

Each time you cough, it tears at the delicate membranes of your throat and bronchial tubes. A harsh cough puts a terrific strain upon your chest, stomach and other vital organs.

At the first sign of a cough or throat irritation, take Pertussin. It helps Nature free the air passages of germ-laden mucus, soothes the irritation and quiets the cough. Pertussin has been prescribed more often *for coughs* than any other advertised remedy.

Pertussin is safe even for small children and convalescents—a good remedy for "coughs that hang on." It is free from dope—does not upset the stomach and can be taken as often as necessary. Ask any Doctor or Druggist.

What Dr. Caldwell Learned in 47 Years Practice

AT AGE 83.

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently without griping and harm to the system.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope, but go to a druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. Use for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds.

Election Will Be Held On First Meeting Night In Month Of April

Many Projects Are Brought Up For Action Of Club Last Evening

Officers were nominated at the meeting of the New Castle Booster club in the council chambers last evening, the report of the nominating committee being submitted by Tom Cunningham, chairman. Election of officers will take place at the first meeting in April.

Before submitting the list of names for various offices Mr. Cunningham offered an amendment to the by-laws of the club in regard to the office of president and his duties asking that the by-laws be amended to read that the office of the president be vested in an advisory board of three members, each of whom would hold the office of president for a period of four months. This amendment was concurred in.

Nominations.

The officers nominated follow:

President—F. V. Lorenz, W. E. Ferver, C. F. Kimmell, John R. Dunfee and William Mayberry.

First vice president in charge of membership—Thomas J. Cunningham and Carl Paisley.

Second vice president in charge of finances—Paul F. Butz and E. C. Chapman.

Third vice president in charge of industrial projects—David R. Kay and T. Wilbur McCullough.

Fourth vice president in charge of publicity—William Nunn and George Fox.

Secretary—Paul B. Griffith.

Treasurer—A. H. Owens and A. Ed Russell.

Chairman Charles Colnot also announced during the evening the appointment of the bread investigation committee and the air mail folder committee as follows:

Bread committee—Carl Leathers, chairman; Stanley Reese, W. S. Teets, M. O. Crisci, Archie Cohen and J. R. MacKenzie.

Air mail folder committee—John R. Dunfee, Carl Leathers, Fred Eakin and R. D. McCullough.

Slogan Report.

The slogan committee reported that after a contest had been held, open to Lawrence county citizens that the best slogan submitted to date was "Progress With New Castle." However the committee intends to investigate further and will report again at the next meeting.

Attorney C. H. Akens was present at last night's meeting and was asked to make a few remarks.

He stated that he had been much impressed by the purpose and seriousness of the organization and urged them to build a permanent organization, not one that would only last a few months and then die out.

He stated that the members ought to take into consideration the fact that conditions are changing continually and that things today are not the same as they were 40 years ago or even 20 years ago.

The people of today want to do their own thinking, Attorney Akens asserted. They will not take advice from others, but ask to have all the facts in the case presented to them after which they want to form their own opinion. This, the speaker felt was a good idea.

He hoped that the organization would form a definite constructive policy and to work toward a definite goal. If obstacles arise the club should pass around them and continue on.

Ferver Reads Paper.

He was followed by W. E. Ferver, who gave an excellent paper on "Chain Stores" explaining their growth some of the evils and the volume of business they conduct.

He stated that New Castle with a population of 52,000 people in 1927, had 633 retail stores which did a volume of busines amounting to $23,196,942. Of this amount it is estimated that the chain stores did approximately one-fifth of $4,600,000.

Mr. Ferver asserted that "unfair competition by the larger chain stores" had driven many retail establishments out of business.

He quoted from the speech of Congressman Clyde Kelly of Braddock before the house of representatives in regard to the Kelly-Capper fair trade bill which would prohibit the cutting of prices on any standard trade-marked goods below a fair price fixed by the manufacturer.

He charged that it appeared to be the policy of the average chain organization to kill competition by price cutting on all standard trade marked goods gradually substituting their own brands and to so cheapen these brands that they could make enough profit on them to make up for any loss sustained by cutting prices on the so-called leaders.

John Jones brought the attention of the Booster club to the fact that a group of pottery workers in the city were endeavoring to locate another pottery in the city.

He stated that they already had their organization perfected and that all they needed at present was a building in which to operate. He stated that a five-kiln pottery of the most modern and approved type could be built for $100,000 and that there was a ready market for their goods.

The matter was referred to the project committee for development.

Asks Approval of Road Plan.

Carl Paisley presented a resolution asking that the club give their endorsement to a proposal to improve Route 956 toward Volant and northeast to enable residents of Leesburg and vicinity to get into the New Castle market over good hard roads.

He stated that Grove City was building a road toward Leesburg in order to secure a lot of the trade from that territory.

The matter was referred to a committee consisting of Orville Potter, E. F. Knoblock and Howard P. Meehan.

E. D. McCullough reported that the most recent figures on air mail showed that the average poundage for the month to date was 3 pounds 10 ounces of air mail matter. He stated that if each letter mailed had equalled the full one ounce that could be sent as a minimum, that the amount would have exceeded the minimum required for an air mail stop here by five ounces.

In closing Clem Crisci urged the members to get on their feet and express themselves if they had anything of interest to bring before the club and not to go out and talk about it on the street.

Pity The Man "On A Diet"

Just To Look at a Good Appetizing New England Boiled Dinner Raises a Riot In His Poor Dilapitated Stomach.

When certain kinds of food upset your stomach and cause indigestion, sourness, gas and general misery why punish yourself by going "on a diet".

Why not start to rebuild your broken down stomach—Why not make your weak stomach so strong and vigorous that it will be able to digest and assimilate even the heartiest foods?

You've probably tried a lot of "relievers" that help for an hour or so and then leave your stomach in as bad a condition as ever.

Why not try the sensible plan of taking a remedy that not only brings almost instant relief, but has the power to tone up your disabled stomach and put it in such a clean and splendid condition that it will soon be able to digest anything you eat, without a particle of distress?

Such a medicine is Dare's Mentha Pepsin, a pleasant, palatable elixir that Eckerd's of New Castle, Inc., McKee's Kut Rate, and Love & Megown and up to date druggists anywhere in America are perfectly willing to sell on a basis of money back if it doesn't give the fullest measure of satisfaction.

French Comedy At Slippery Rock

SLIPPERY ROCK, March 21.—"The Doctor in Spite of Himself" a French comedy by Moliere will be presented by the junior class of Slippery Rock State Teachers college under the direction of Miss Edith Ann Simpson former dramatic coach at Westinghouse high school Pittsburgh, on Friday evening, March 22 at the college chapel.

This is one of Molier's outstanding ones and with a good working force, an exceptional showing is promised.

The cast includes: Wendell McTaggert, Mabel McCutcheon, Robert McClymonds, William Wallace, Arthur Campbell, Jean McCormick, Mariella Ingold, William Storer, Russell Morgan, Clyde Clements and Garnet Gilbert.

Young People To Have Conference Here On March 24

Instructors And Students From Geneva College To Take Part In Program

Full details have been completed for the annual Young People's conference of the Y. M. C. A. and Y. W. C. A. of Geneva college to be conducted in the Reformed Presbyterian church of this city on, Sabbath March 24, the pastor, Dr. E. A. Crooks announced today.

This conference has been an annual event for a number of years and a splendid interest is created in young people's work by the large number who attend.

A fine personnel of speakers including instructors and members of the student body of the college, has been secured. There will be four sessions, at 11 a. m. and 2:30, 6:45 and 7:45 p. m. At 11 a. m. Prof J. Boyd Tweed, professor of Bible of Geneva college will speak. Prof. Tweed is an outstanding Bible student and a very interesting speaker.

At 2:30 p. m. a conference on "Life Problems" will be held. Talks will be given by Prof. Tweed and Miss Isabel Stewart, head of the French department of the college. Miss Stewart is very much interested in the work of the Y. W. C. A. and like Prof Tweed is a very interesting speaker.

At 6:45 the regular Christian Endeavor meeting will be held with Frank Bowes of this city as leader. Representatives from the Y. M. C. A and Y. W. C. A. will make addresses at the evening session at 7:45. The general topic for discussion will be "The Obligations of Youth". The first speaker will be Miss Ruth Henderson of Walton, N. Y., a junior in college. The second speaker will be Howard Emerick of Wilkensburg, Pa., president of the student body and leader in athletics being captain of this year's football team. Miss Esther Sanderson of Bell Center, O., a junior in college and good speaker and John Doods who won the state championship in the oratorical contest among the colleges held at Bucknell University at Lewiston, Pa., will complete the speakers of the evening.

The local committee in charge of the conference includes Natalia Christey, Merle Riley Maretta Daugherty, John Riley and Kenneth Gaston.

Little Green Capsules Stop Rheumatic Agony

Results In 5 Days or Money Back

The fame of the little green capsule, because of its canny power to speedily stop the terrible rheumatic pains that make life almost unbearable, is rapidly spreading all over America.

You go about conquering your merciless rheumatic enemy in a different way—a knock-out way. You take one tiny capsule each hour for the first ten hours,—then relief comes.

The second day, take one every two hours for 14 hours—Then take 4 little green capsules every day until every little twinge and every bit of tenderness is gone and your rheumatic troubles have ceased.

The little green capsule now so much in demand from coast to coast must have a name so it is known in every worthwhile drug store in America as Allenrhu Number 2.

McKee's Kut Rate Store, Eckerd's of New Castle, Inc., says these little wonder-working capsules must banish all pain and torture in 5 days or money cheerfully refunded.

Acquitted By Jury, Judge Holds Man Under Ancient Law

BEAVER, Pa., March 21.—When a jury in court acquitted Joe Phillips of Beaver Falls of violation of the liquor laws, Judge Frank E. Reader called the defendant to the bar and placed him under bond of $5,000 to keep the peace. By this action the court invoked an act of the English parliament of 1360.

"I believe the verdict should have been guilty," said the court, commenting on the verdict of the jury. "You have been a good deal of a nuisance around Beaver," the court told Phillips, "and have cheated the law on numerous occasions, and I do not believe you should be entirely freed. I hereby direct that you furnish bond in the sum of $5,000 to keep the peace and be of good behavior and remand you to custody of the sheriff until such bond is furnished."

Louis Phillips, a younger brother of Joe, was found guilty of possession of liquor by a jury. Judge Reader directed in this case that Phillips furnish a bond of $5,000 to keep the peace. The brothers were committed to jail pending the posting of bonds.

Road Tax Millage Raised 5 Mills In Washington Township

In Petition Presented To Court Supervisors Show Need Of More Money

Washington township road supervisors, John L. Pherson, B. F. Shaller and S. P. Campbell, presented a petition to Judge Chambers in court this morning asking leave to raise the tax millage from 10 mills to 15 mills. The request was granted.

The petition set forth that the assessed valuation of the property in Washington township is $385,190. Upon this the supervisors are allowed under the law to levy a 10 mill tax, which would give $3,851.90.

It is claimed that it will take at least $5,777.85 to place the Washington township roads in a fairly good condition. Several townships have now filed petitions to increase tax levies five mills above the regular millage, on account of the condition of highways.

MOTHER OF NEW CASTLE MAN DIES

BUTLER, Pa., March 21.—Mrs. Elizabeth Wehr, 82, died at her home in Prospect. Her husband died 42 years ago. Mrs. Wehr is survived by a son, Fred Wehr of New Castle. Funeral services this afternoon at the home of Mrs. Mary Ifft of Prospect, and burial will be made in Crown Hill cemetery.

PAINTERS ARE OUT OF WORK, WANT 5 DAY WEEK

OIL CITY, Pa., March 21.—Approximately 60 members of the local union of painters and paperhangers are out of work as the result of the failure of contractors, here, to meet their scale demands which were to have become effective on March 15.

The painters and paperhangers in their scale for this year asked for an hourly rate of $1.10, an increase of 10 cents an hour over last year and a five day working week instead of five and one-half as formerly.

SEVENTH WARD NEWS

Splendid Services In Mahoning M. E.

Good Attendance Mark Services; Other News Notes Of Seventh Ward

"The Greatest Question Asked in 1900 Years" will be the subject of the sermon this evening at the evangelistic service in the Mahoning M. E. church. Rev. David Daye Sleppy, pastor of the church, is preaching at these special services being conducted. The Standard Bearer society will meet in the ladies' parlor and attend the service this evening in a body.

There was a good attendance at the service Wednesday evening in the church. The theme of the sermon Wednesday evening was "Excuses As Side Doors to Heaven", Rev. Sleppy giving excuses people offer for not attending church services. Special music at the services was a duet by Mrs. Hoffman of the Epworth M. E. church and Mrs. D. D. Sleppy.

The special services for the week will end with the service on Friday evening in the church. The Lookout class taught by Mrs. J. A. Waddell will attend the service Friday evening in a body.

PLAN FOR PARTY

The Young People's society of the Madison avenue Christian church will have a party Friday evening at the home of Miss Thelma Bumbaugh of Sixth street. This will be the monthly social event for this society.

Each member has the privilege of bringing a guest. A good time is anticipated.

TO OBSERVE WEEK OF PRAYER.

In observance of the annual week of prayer the Ladies Missionary society of the Madison avenue Christian church will conduct three special prayer meetings next week. The special services will be on Monday, Wednesday and Friday evenings. The ladies of the society observe a week of prayer prior to the Easter season each year.

OLD PAPER CONTEST

When pupils of Mahoning school return to school after the Easter vacation they will go to work on the old paper contest. Gathering up old papers and magazines among the people from the ward. The paper will then be sold at the school and the proceeds will be for the benefit of the school library.

Some time before the end of the school term Mahoning school will place an order for new books for their library.

So far this term Mahoning school has raised nearly $300 for their library fund. About $200 was realized at the minstrel show they presented the first semester. Seventy-five dollars was made by a subscription contest conducted recently at the school.

Third Pre-Easter Class On Friday

Final Study Class Ending Series Of Four Classes Next Week

Friday afternoon at 4 o'clock the third pre-Easter class will be conducted in the Madison Avenue Christian church. Rev. W. W. Sniff, pastor of the church, is conducting the classes. The past two weeks two of the pre-Easter classes have been conducted.

The study for these special classes is the life of Christ leading up to the time of the death of Christ on the cross and His resurrection. The classes are for all children and young people of public school age who care to come. Rev. Sniff has had splendid attendance at his classes.

There are only four classes in the series. The third class is being conducted Friday this week. The fourth and final class of the series will be conducted Friday, March 29.

L. S. C. BOOK CLUB.

Mrs. John Caven will receive the members of the L. S. C. Book club in her home on Edison avenue Friday afternoon.

Unique Smoker At Frat House

Members Of Phi Pi Phi Fraternity Entertain At Westminster Wednesday Night

(Special To The News)

NEW WILMINGTON, March 21.—One of the most unique and most enjoyable smokers ever put on by a Westminster college fraternity was staged at the Phi Pi Phi house on the local campus yesterday evening, from 9 to 12 o'clock.

The Phi Pi Phi brothers had their house arranged in the form of a miniature carnival and passed out paper checks as money to every freshman present. Such carnival attractions as the big side show exhibit, the bingo game, the roulette wheel, the money wheel, the knock 'em down game, the bird cage attraction, the rifle range, and the hot dog and lemonade stands were all arranged for the benefit of the guests of the fraternity.

Of course plenty of noise was made and more than half of the freshmen in the school were present beside other visitors. Other attractions beside the "concessions" were clever characiture posters of different faculty members of the college.

The members of the college faculty who were guests at the smoker were: Ben Euwema, Dr. Harold Black, A. T. Cordray, R. X. Graham, Jack Hulme, J. George Lutz. Dr. Hugh Hart, local physician, was also present at the smoker.

The Phi Pi Phi brothers who were directly responsible for the success of the stag were: John Lytle, James McQuiston, William Allison, Ernest Griggs, David Wallace, Thomas Mansell, Robert Gordon, Hugh Graham and Edward Scarlett.

Anniversary Services

The enthusiasm of the anniversary services in the Union Baptist church continues unabated. A good audience heard Rev. W. L. Engram of the St. Paul's Baptist church deliver a forceful message on the subject "This Great Sight — the Indistructable Church" at the meeting last evening.

This evening Rev. William Hodge, pastor of the Bethel A. M. E. will deliver the message. The Bethel choir and congregation will accompany him. Talks will be given by the treasurer and trustee, Paul Mays. Subject 'A Voice from an Old Timer". A duet number will be given by Mrs. McKevey and Jones.

Dog Calls Numerous, Police Reports Show

Police reports at the present time show an almost endless number of calls from all parts of the city from people who object to their properties being destroyed by stray dogs. Officers are detailed on all such calls and dogs are killed where they are found to be strays. Where owners are found, the owners are warned to keep them tied up.

The whole of sound philosophy is contained in the reflection that a bald head is more sanitary.

Now let's have a 10 per cent nuisance tax to discourage neighbors who borrow.

Home Folks Do Not Want Youth

Charles Swank, 17, starving and hardly able to walk, was picked up near the P. & L. E. station Wednesday by Officer James Wysner. He had a bundle under his arm.

Taken to the police station, he stated that his home was in Allentown, Pa., Sergeant J. P. Steiner got in touch with the authorities at Allentown asking that his people be sought and find out what they wanted done with him.

While waiting for a reply, the young man was given a feed and taken care of. The reply came that his mother did not want him back, so he was discharged and sent on his way today.

Civic Theatre Guild Gets New Members

The Civic Theatre Guild held its first rehearsal of the play Duley to be presented April 11-12 in the High School auditorium under the auspices of the Garden Club, at its new meeting place in the banquet hall of the Y. M. C. A. Everything was found to be working smoothly.

New members of the Guild, who will appear in the performance include Fred Clemens, George Robson, Sherwood Johns, Lyle McGrath and Carmi Preston.

The Guild will present to the committee of the Lion's club in the near future, two plays, "The Torchbearers" and "Kickin", for the consideration of that committee in selecting the play to be presented for the club. Attorney Alva Schumaker is chairman of the Lion's Club Committee.

MRS. MARY DOUGHTY

MISSION WORKER PAYS TRIBUTE TO NEW KONJOLA

Forced To Give Up Her Chosen Work For a Year—New Medicine Scores a Triumph.

"Had I known of Konjola long ago, what suffering and expense it would have saved me", said Mrs. Mary Doughty, 2341 Garnet avenue, Philadelphia. "As a result of stomach and liver troubles I was on the verge of a nervous breakdown. I was weak, irritable and lacking in strength and vitality. I could not sleep at night, the slightest noise disturbed me. My complexion was yellow and there were only a few things I dared eat. Everything failed to help me and I was thoroughly discouraged.

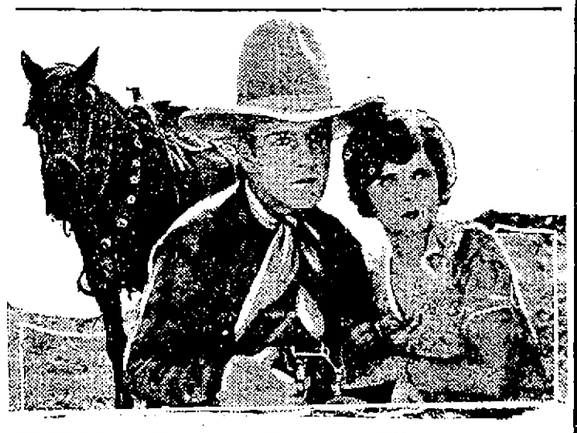

"Then Konjola was recommended, and I felt that it, above all else, might benefit me. It certainly did, for three weeks with Konjola made a new woman of me. I am eating everything I like, sleeping fine, my skin is white and clear and my nerves are calm. Konjola worked a quick and complete revolution in my system, and I owe Konjola a debt of gratitude I can never repay".

Konjola is sold in New Castle, Pa., at Love & Megown drug store, 204 East Washington Street, and by all the best druggists in all towns throughout this entire section.

Right You Are Squire Cooper

Spring is here.

This is according to Alderman J. Lee Cooper of the eighth ward, whose predictions have proven good for some years.

Asked this morning, Alderman Cooper said that he had good reason to believe that spring was here, although it is mostly a matter of hearsay as yet.

That is, he has been informed that one of the two robins who always nest in a tree on his property at the beginning of spring is back.

The hearsay evidence in this instance, the alderman says, is of such an excellent character that it is to be "believed", and he says that if the one robin is back the other must also be there, as this is mating time.

America Will Lead World In Aviation

(International News Service)

WASHINGTON, March 21.—America is on the way to aerial domination of the world, with her commercial aviation already grown from an infant into a billion dollar giant within the last five years.

This is the opinion of William P. MacCracken, Jr., retiring assistant secretary of commerce for aeronautics.

He predicted Chicago would become the air center of the world, forging ahead of Berlin, where more planes now arrive and depart daily on schedule than any other place.

The commerce air chief, yesterday announced his resignation effective two months hence.

MacCracken took over the air bureau of the commerce department when it was inaugurated in August, 1926. It has been under his guidance that more than 8,000 miles of lighted airways have come into existence. He drew up the modern regulations for the new born commerce of the skies.

LADY, ILL FOR 9 LONG YEARS, REGAINS HEALTH

Credits Amazing Recovery To New Natural Medicine, Ten Herbs

When a medicine relieves health troubles that have persisted for nine years and which have failed to respond to various other treatments, it must possess remarkable merit. That is just what Ten Herbs, the famous new natural medicine did for Mrs.

MRS. ANNA YOUNG

Anna Young, 127 New Castle street, Butler, Pa., according to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington street, this city, where he is daily demonstrating this compound.

"Ten Herbs is just what I should have had long ago, for it entirely relieved the stomach trouble that I had endured for nine years," said Mrs. Young. "My stomach was in such bad condition that I was on a diet for a year, and lost forty pounds in weight. Gas caused bloating, and would press up around my heart and give me a smothering sensation. I had heartburn all the time. Some nights I had indigestion so badly that I had to arise and walk the floor to get relief.

"My nerves were troublesome, and I was in a very weak condition. Headaches came on me, and I was bothered with constipation. I had catarrh and my head would be stopped up in the morning. My blood circulation was poor—my hands and feet would get cold and my hands would become numb while I was asleep. I felt tired and worn-out upon arising in the morning. I tried many different kinds of medicines, but nothing seemed to do me any good.

"I was very discouraged when I started taking Ten Herbs, but now my stomach is in fine condition. I can eat anything without having any bad after effects. I am rid of gas, bloating and heartburn. The pains are gone from under my heart. I am no longer bothered with headaches or catarrh. My nerves are calm, and I sleep soundly. I do not have any more trouble from poor blood circulation. Ten Herbs has done me a world of good."

Ten Herbs, which consists of ten wonderful herbal ingredients, has given such amazing relief in long-standing cases of stomach, liver, kidney and bowel disorders, rheumatism, neuritis and nervousness, that it probably has become the most-talked of medical preparation on the market today.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington street, this city, where he is daily meeting the public and explaining the merits of this medicine.

Leslie Says Air Mail Will Develop

Cites Growth Of Parcel Post As Example Of Future Possibilities

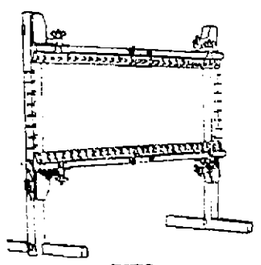

Assistant Postmaster James G. Leslie, states that backers of the air mail project in New Castle, should not feel discouraged over the apparent unconcern of New Castle residents over the matter.

He cited the development of the parcel post as an example. "When the parcel post system was first inaugurated, "Mr. Leslie says, "the amount sent in any one day would not total 15 packages. Many people just used it then as an experiment. Today, even in the slack period, there is scarcely an hour passes that 15 packages are not sent, and during the rush seasons, the office is hardly able to take care of the great volume of business presented."

He says that the air mail will develop in the same manner.

Have Two Pruning Meetings Today

County Farmers See Pruning And Grafting Demonstrations Today

Two pruning and grafting meetings were scheduled for county fruit growers today under the auspices of the local agricultural extension association. A group were addressed by John Reuf, fruit specialist from Pennsylvania State college at the M. M. Ingham farm in Neshannock township this morning at 10 o'clock.

The afternoon at two, another meeting was scheduled to start at the farm of Peter Muzgawa in Perry township. There meetings have been in charge of county agent Harold McCulloch and have taken place under the auspices of the local agricultural association.

Woman Wins Suit Against Her Father

PITTSBURGH, Pa., March 21.—In a suit against her father, Gustave Winters, for injuries she suffered when riding in his automobile, Gladys Winters, Sturgeon, was awarded $6,176.75 as damages by a jury in common pleas court yesterday.

The machine was being driven between Castle Shannon and Curry when it went over an embankment November 15, 1927. Miss Winters sustained a double fracture of the left leg below the knee. She said the injury resulted in her leg being disfigured and causing her embarrassment. The case was tried before Judge Harry H. Rowand.

Several Court Cases Continued

The March term of criminal court will wind up its sessions during the present week, only a few more cases remaining to be tried.

Yesterday afternoon, John Davis, charged with possessing liquor entered a plea of guilty to the charge.

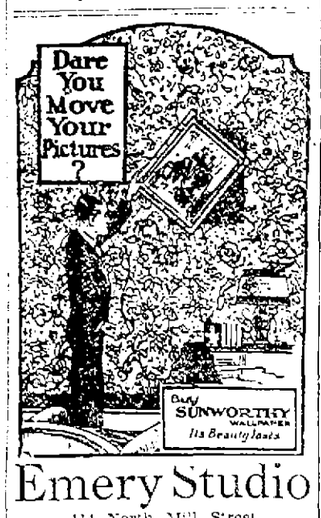

The trial list was also further reduced through the continuance of the cases against A. E. Alles and Frances D. Alles, charged with possessing and selling liquor; and J. O. Rodgers charged with embezzlement.

Danger Signals of High Blood Pressure

"Dizzy spells, hot flashes, pains in the head, shortness of breath, sleeplessness, and nervousness usually indicate high blood pressure," warns physician who found treatment to reduce it.

These are symptoms which show an accumulation of poisonous waste matter in the system or that one or more of your organs has weakened and caused the heart to be overtaxed. Check it at once for it is known high blood pressure brings on hardening of the arteries, and other serious conditions.

Norma, a physician's prescription, reduces blood pressure so surely it is regarded as a great medical success. Often one bottle brings prompt relief. Ask for Norma at any drug store.

Goitre Not A Disease

Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis. — It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. E 34, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. CREDIT MEETING IS POSTPONED

The meeting of the board of directors of the New Castle Credit Exchange which was scheduled to meet today at noon at the Elks Club on North Mill street, was postponed until one week from today, at which time the directors will convene at the same place and time, states Ray Hall, manager of the exchange.

Local Red Cross Planning Survey

To Determine What Assistance Might Be Given Widows Of Deceased Ex-Service Men

The local Red Cross announced this morning that plans are being made for an extensive survey of all widows and orphans of deceased ex-soldiers to ascertain whether or not they are obtaining all the relief they are entitled to under the law. It is a chapter project and definite plans are to be made known at a later date.

One thing that Red Cross workers ask, however, is that all those who may be in this class send their names and addresses to the Red Cross office, Temple building, immediately. The chapter will then forward questionnaires to those addresses on which can be listed the things that are needed. The local office will then advise the respective parties as to what assistance can be given.

The survey of the local chapter will extend nor only to the widows and orphans of deceased world war service men but also to those of other wars.

"Parr" Is Ready To Be Presented

Tonight Will Mark First Performance For New Castle's Musical Comedy

PRINCIPALS HAVE SPLENDID PARTS

"Parr" that entrancing musical comedy production, directed by Carrol Kearns, is ready for the first presentation tonight at the Cathedral. Indications from the sale of tickets point to a packed house for the home talent play. The curtain will go up at 8:15 o'clock. The two-act play will be presented again on Friday night.

The dress rehearsal last night was a big success from start to finish, with the actors going through their lines and songs as if they had played the show for the past year or so, instead of three weeks.

The show is packed full of beautiful girls, comedy sketches, clever acting, and real snappy dancing. The Derby chorus is rivalled only by the Ziegfeld American Beauty chorus, and the dance led by Miss Nell Brady is a big hit of the production. Miss Audrey Baker that charming little dancer is going to do a tap dance that smacks of Broadway. You can't help admiring Miss Baker.

Mrs. William Mayberry and Howard Wylie have the leads in the show and they are sure to gain instant favor, both have splendid voices. The other principals are: Mrs. William Gordon as Mrs. Van Dyke; Joe Williams as Mr. Van Dyke; Al Evans as Commodore Lee, Jr.; The League of Nations Foursome, composed of Louie Rounds, Tully Ciazza, Dudley Arnold, and Russell Melvin; Madeline Nail Rugh as Miss Carlson; The Friendly Foursome; and Charles "Bugs" Walther, as Babbling Brooks, the "dumb" waiter.

Carrol Kearns and Dick Patterson, assisted by that popular young pianist Cecil Bowles, have worked hard to stage this show for New Castle. The first act is laid in a Country Club golf course, and the second act will portray a "Night Club" scene.

The various groups of youngsters are fine in their dances. Little Master Casey as leader of the Caddies is a distinct hit of the show.

Scout Tourists To Have Meeting

Scouts And Men Making European Tour Will Have Assembly Meeting

Boy Scouts and others who have already signed to go on the England scout trip this next summer, parents of the scouts, and others interested in the trip are invited to an open meeting at scout headquarters in the Greer building at which time the entire trip will be explained.

The meeting has been set at 2:30 o'clock Sunday afternoon, in order that there might be no confliction to either parents or scouts. J. Lee Calahan, local scout executive, and in charge of the tour will explain the details of the trip as already arranged.

Jury Commended For Promptness Finding Verdict

It took only about ten minutes this morning to find Arthur Johnston guilty of driving an automobile while under the influence of liquor. Judge Hildebrand, who tried the case, complimented the jury on their promptness in disposing of the case, saying that he believed the verdict was fully warranted by the evidence.

Walter J. Woski, who was tried before Judge Hildebrand for driving while intoxicated, was also found guilty.

NEEDED HIS SPECTACLES

"Mrs. Jones," said the lodger in a timid voice, "I'm afraid I must complain about the lunch that I was given this afternoon."

The landlady glared at him.

"What was the matter with it?" she snapped.

"Oh, it was quite all right, but it didn't satisfy me. I'm still feeling hungry."

Her glance became worse.

"I don't know what there was to find fault with," she said, "I always give you good, plain food."

"Yes," said the lodger, "it was good, I admit. But I do wish you had made it plainer. As it was, I could hardly see it."

Wreck Toll Mounts To 19

List Of Injured Is As Yet Not Fully Determined By Authorities

WRECK OCCURS IN BLEAK WILDERNESS

TORONTO, Ont., March 21.—Nineteen persons were killed, some of them burned to death, when two fast passenger trains on the Canadian National Railroad crashed head-on at Drocourt, near Parry Sound, Ont., on Wednesday.

The toll of injured is as yet undetermined, but first accounts from the wreck, which occured in an almost uninhabited stretch of country, describe it as heavy, particularly on the westbound train where all the deaths occurred.

Most of the dead had been riding in a colony coach, apparently a wooden car, which telescoped and went up in flames. It was near the front of the train.

Passengers in the eastbound train tumbled violent from their berths and had to stand futilely listening to the screams of the dying, powerless to the screams of the dying, powerless to help.

Push Cars Away

The remaining cars, which had not left the tracks, together with the injured in them, were saved from the fire when passengers hurriedly uncoupled them and pushed them down the track.

The cause of what is the worst train wreck on Canadian soil since 1910, when 63 were killed in a derailment at Sault Ste. Marie, Ont., has not been determined.

The trains were scheduled to meet at Waubaumik, just north of Parry Sound. It was reported that due to the lateness of the westbound train, another meeting place was arranged.

The crash occurred between the two points. Dan Barstead, conductor of the westbound train was killed, so it may be some time before it is determined upon whose orders he overran the meeting place.

Rescue work was handicapped because the wreck was in a wilderness almost completely inaccessible by road.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

And so this is spring. Lovely and bashful and shrinking, winsome and naive and refreshing, she's in, folks, and according to the little group of serious thinkers she arrived at 9:35 last night. Being a woman she got in a bit late, but what of it. I repeat, what of it?

She could have been a couple of days late and still have received as vociferous a welcome as a champion prize fighter returning to his native lair, or whatever it is that prize fighters call home.

The Poet's Union will now go into a huddle for the purpose of dashing off or slinging off a few well turned couplets in which love and dove will figure prominently, moon and June, and stars and jars, and most any other couple of words that happen to rhyme.

Striking a pose much after that of Rodin's "Thinker", the engineer wooed the Muse of mooed the Wuse long enough to grind out the following touching sentiment concerning the lovely spring, no end.

"The spring has come, tra la, tra la. And cuckoos yodel in the trees,
And maidens dressed in sheerest silk,
Catch cold and snort a nasty sneeze."

You will immediately catch the modernistic touch in the thing. An entire lack of hampering effect of poesy of other days. Something breezy and carefree, virile and commanding, something that Longfellow never wrote and George Jean Nathan never criticized.

At any rate spring got off to a good start. One of the lads here in the office who caught a spring cold insists that "Spring got off to a ruddig start." How the so ever you can put that down as just the criticism of one who is never satisfied.

Down in Harrisburg the spring seems to come a week or so early. Maybe it is just imagination but the temperature there seems a few degrees higher all the time than it does here. It is a fact that it is farther south, which may account for it.

Harrisburg in the spring is a lovely city. The old Susquehanna flows along, something like Powder River, a "mile wide and an inch deep." At present it is running high with water and the coal dredges can't get out to scoop out the loose anthracite that has floated down from up in the hard coal section.

And whenever the succulent shad roe begins to make its appearance on the tables of the Harrisburg hostelries, at 90 cents per portion, you know that spring is here or there or what have you.

It is also understood from unimpeachable authority that spring has come to Chicago and that the newest thing in machine guns is being shown. Met a fellow from Chicago recently. He proved it by showing his scars.

Chicago, as you know, is different from New York in that manner. In New York they "faw down and go boom". In Chicago, they go boom first, and then you faw down.

Anyway it is spring. And as Ethel Barrymore would have it, "oh to be in England for it's April there."

Maybe it is, but it's going to be April here in a week or so, and the gas bill will be due, and some new clothes will have to be bought and the landlord has to be interviewed about papering that hallway, and March will have been left behind.

VERDICT IS RETURNED

Joseph Valiensi, who was tried before Judge Chambers on a charge of felonious rape, was acquitted as to that charge, but found guilty of fornication in a verdict returned by the jury.

Suit To Collect On Bill Is Filed

The Bennett Pump corporation has filed a suit against F. J. Connor, Jr., trading as the Penn Auto Service, to collect a bill of $392.04 with interest from June 1, 1928. The amount claimed is for supplies furnished the Penn Service.

ORDERED TO REST, PAID FOR VACATION

Glendale, Cal.—The three months' complete rest which the doctor ordered Mary B. Lyman, business woman, of 131 North Orange Street, to take, was, according to Miss Lyman, impossible under the circumstances. Yet she discovered a way of taking a three months' vacation—a vacation in diet—and getting paid double for it. For she not only collected her regular business salary—she was repaid many times over in improved health. She tells the story as follows:

"I am a business woman, responsible for directing the work of others. My work demands that I keep clear-headed, alert and always ready to inspire my staff with confidence and enthusiasm. Yet for weeks I had been irritable, depressed. I was unable to sleep, tossing uneasily during the night, tortured with severe headache and fatigue. Alarmed, I at last consulted a specialist, whose prescription for my condition was complete rest for three months.

The inspiration

"Dismayed, I sat desolately staring out of the window, when suddenly an inspiration popped into my head. Three months' vacation was impossible—I could not afford to be without a regular income—but why not a rest and change while I continued at my job? Couldn't I get more sleep, eat more wholesome food?

"It was then I determined to make the 30 day test of Postum, and how thankfully I look back to the inspiration of that moment. Instead of the raw and irritated nerves of caffein days, I go through the daily routine with a buoyancy and sense of well-being never experienced before. For headaches and morning dullness, I have exchanged new enthusiasm and alertness; for nights of insomnia, hours of untroubled and refreshing sleep; for a capricious appetite and constant indigestion, normal enjoyment of wholesome food.

"Postum gave me the rest and renewed vitality of three months' vacation, enabled me to keep my job, and best of all—I like it!"

Try This Vacation

Perhaps you have felt that business, or the rush of household duties, or the whirl of social events, was "getting you down," undermining your nerve power, sapping your vitality and buoyancy. Perhaps you have felt that you must have a long rest—or break under the strain.

Try Miss Lyman's experiment! Continue your regular routine—live as you have always lived, work as you've always worked—only eliminate caffein from your diet, drink Postum with your meals instead. Then watch life straighten itself out!

For Postum contains no drug, no artificial stimulant of any kind to get on your nerves, to rob you of sleep, or cause indigestion. Postum is made of roasted whole wheat and bran. A distinctive drink with a delicious flavor—a flavor millions prefer.

Your grocer has Postum in two forms—Instant Postum, made instantly in the cup, and Postum Cereal, the kind you boil. Both cost much less than most other mealtime drinks—only one-half cent a cup. Order today—try the 30-day test!

Railway Earnings Show Big Increase

February Railroad Earnings Show Big Increase Over Same Period In 1928

Industrial Expansion Noted In First Quarter Of New Year; Business Is Sound

By W. S. COUSINS
International News Service Financial Editor

NEW YORK, March 21.—Within a period of two weeks the first quarter of 1929, in many ways one of the most important business periods of the whole post-war era, will have passed into history. It has been memorable for two outstanding developments, the expansion of industrial production in many important lines, and the tightening of the money market, caused by the drainage of bank credit into the stock markets.

As far as industry is concerned, the best accounts are naturally read from the records of production, sales and incoming orders for delayed delivery over a 30 to 90-day period. It is too early to look for first quarterly earnings statements, though in many cases the fiscal year of the corporations extends a month or two into the new year, and their annual reports reflect a portion of the results of the current year.

Railroads Make Gains.

The February railway earnings, which will be issued in a week or so will record excellent gains over the same period a year ago. This is foreshadowed in the larger car-loadings of the carrier systems in the shortest month of the year, as well as by the actual reduction in operating expenses.

The previous peak was in 1926. It must be remembered that railroad efficiency is now at the highest peak on record, a factor contributing to larger earnings.

Most of the big carriers will earn more money this year than last, judged by their performances from every standpoint in the first two and a half month of the year. For those who are investing a part of their surplus funds in railroad stocks and bonds, the following estimates of the probable net income of the transportation systems will be of special interest.

	Estimated for 1929	Actual for 1928
Atchison Railroad	$18.90	$18.
Baltimore & Ohio	13.20	12.40
Chesapeake & Ohio	26.3	24.5
Chicago, Rock Island & Pacific	13.3	12.9
Delaware & Hudson	13.4	12.4
Erie Railroad	7.2	4.9
Lehigh Valley	6.8	5.4
New York Central	12.0	18.3
New Haven	9.6	8.5
Pennsylvania	7.2	7.3
Union Pacific	19.7	18.3

Among the representative industrial companies to report net earnings for 1928, the following may be noted: American Radiator company, with net of $9.80 a share; American Sugar, with $7.60, against about a dollar a share in 1927; American Bosch Magneto, $5.02 a share, double the previous year; Homestead Mining, $5.87 a share and Westinghouse Electric & Manufacturing, $8.78 a share, against $6.81 in the year preceding.

WHEN POPULARITY INCREASES

One feature that shows the remarkable value of World's Tonic is the steadily increasing sale in New Castle. Introduced here many months ago, sales today are greater than ever before.

That fact proves that the people who use World's Tonic are greatly benefitted. In no other way can it be accounted for. One man uses it, gets back his health, and tells his neighbor. The neighbor goes through the same experience and he tells others.

You Needn't Wait

But it isn't necessary for you to wait for somebody to tell you. If you are all run down, if work is a burden and pleasure is not found in it, if you are tired out, if catarrh is undermining your strength—then you need World's Tonic. Don't wait to use it until you are sick in bed. Build up your strength now—get well and stay well!

World's Tonic is sold by McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc., Paisley's, and all other enterprising druggists.

The sale of World's Tonic today is better than it has ever been. I am sure if you could hear the good things people say about it you would be much pleased. We never handled anything that gave greater satisfaction to our trade.

Special Service At Temple Israel

Address To Be Made By Miss Hannah Brown Of Youngstown

The Sabbath preceding Purim has been designated by the National Council of Jewish Women as the Council Sabbath. A special service will be held under the auspices of the New Castle section of the Council at Temple Israel tomorrow night at eight o'clock. Rabbi J. B. Menkes will officiate, assisted by several members of the local section.

The address will be delivered by Miss Hannah Brown of Youngstown.

The pulpit flowers will be furnished by the Council and after the services there will be a social hour with the members of the New Castle section acting as hostess.

Saturday morning services at 10:30.

Sunday afternoon at 2:30 the Temple Israel religious school will give a Purim entertainment.

Purim—the Feast of Lots

The celebration of Purim, the Jewish Feast of Lots, will open on Monday evening, March 25, 1929, with the reading of the Book of Esther, according to an announcement of the tract commission of the Union of American Hebrew Congregations. The significance of this festival looms large throughout the history of the Jewish people. The story of the book of Esther, upon which this festival is founded, still bears a signal message to Jewry and the world at large today, even as in centuries past.

According to the Book of Esther, Ahasuerus, the king of Persia and Media, deposed his queen Vashti and chose beautiful Esther, a Jewish orphan under the protection of her cousin Mordecai, for his new queen. Upon the bidding of Mordecai, a wealthy Jew who lived in Susa, the capital of Persia, Esther did not reveal her racial origin. About that time King Ahasuerus likewise raised his general, Haman, to the position of prime minister. Haman despised Mordecai and because of that he hated the entire Jewish people.

One day Haman sat in council with King Ahasuerus. When he saw that the king delighted in his advice he rose before Ahasuerus and without mentioning any name he censured the Jews of Persia as a turbulent, rebellious people, inclined to disloyalty. The king was angered. Haman promised to bring 10,000 silver talents into the royal coffers for permission to pillage and exterminate this scattered people. And without knowing the name of the people, King Ahasuerus issued a proclamation to confiscate all Jewish property and to exterminate all Jews within his dominions.

Mordecai appeared in the streets of Susa in garments of grief and mourning, and the Jews of Susa fasted and prayed. At great personal risk Esther came into the king's presence and implored him to dine with her and Haman on two successive evenings. The king promised. At the second feast, when Ahasuerus was filled with wine and love, Esther fell to his feet crying out that it was her own people that Haman sought to destroy. The king became furious and ordered Haman to be hanged on the gibbet he had prepared for Mordecai. The decree of Ahasuerus relating to the extermination of the Jews could not be recalled. But upon Esther's request, the king issued a proclamation giving the Jews of Persia permission to organize for self-defense.

To commemorate this deliverance of the Persian Jews from the hands of Haman, the Jewish people established the 14th of the Hebrew month Adar as a day "of feasting and joy, and of sending portions one to another and gifts to the poor." From age to age this festival grows in its significance; it typifies the persecutions of Jewry in every generation. The chief message of this festival, however, lies in that it represents the triumph of the Jewish people over blind anti-Semitism.

Puts An End To Bunion Pains

No Need to Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply **Moone's Emerald Oil** night and morning.

Ask New Castle Drug Co., Eckerd's of New Castle, Inc., McKee's Kut Rate Store, or any first class druggist for an original two-ounce bottle of **Moone's Emerald Oil** (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if one bottle of **Emerald Oil** does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of **Moone's Emerald Oil** at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Law Enforcement Ideas Of High School Boy

Ideas of the youth of the present day are reflected in the editorial on "Lay Enforcement" which was written by Jack Dickson a sophomore at New Castle high school, as a part of the work in English. Here is Jack's editorial on "Law Enforcement."

Law enforcement is one of the big topics of the day. Everyone is talking it—and whether he is or not, every true citizen should be giving it a great deal of thought.

Every time the government changes hands the country as a whole asks for Law Enforcement, in fact they practically demand it of every regime.

And yet. De we not have laws?

Then why not obey them? It is impossible to have complete Law Enforcement until the citizens themselves obey te laws. They put them on the statute books now obey them. There is too much corruptness in the management higher up. Is there no remedy for this? Crime in this country is at a high pitch. Any person who will not obey the laws of the country and become a citizen, then he or she should be deported from the country. This is a drastic measure but it is a solution to this one particular question and it would also cut down the crime record.

Take prohibition. The principle is all right but the manner in which it is run is the discordant part of the whole thing.

If every citizen would obey and respect this ruling everything would run smoothly. But it is impossible to force a thing down peoples throats they do not want, but it is possible to correct this weakness. For there is always a right way out of everything no matter what it may be. Neither is it possible to enforce an ordinance on the public as a whole until the people trying to enforce it obey this ruling themselves. Therefore I say again to have one hundred percent Law Enforcement the people themselves must abide by the laws to the full extent as long as they are perfectly legitimate rulings and in accordance with the Constitution of the United States of America.

Although many of our laws are correct and necessary, yet there is chance for much improvement. It is possible for the legal profession to wield the law to their own satisfaction.

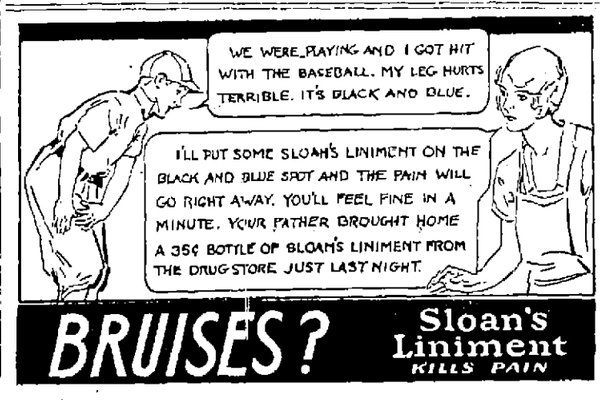

Some of our laws are too ancient, although they were suited to conditions at the time when they were written but conditions have changed in recent years.

Law Enforcement!

Yes.

But not until every citizen abides by them and helps to enforce these rulings themselves and not laying it all on some one person. Then—and not until then shall we have peace and good will towards each other.

Correct this sentence: 'John holds a public office," said the wife, "and I don't get mad when the papers criticise him."

Will Prepare Term Schedule

Principal F. L. Orth of the senior high school announced on Wednesday that all the election cards for the first semester of the next school term have been handed in and work will soon start on making out the new schedules for the 1929-30 school term.

Election cards are cards in which the students choose the subjects for the next semester of school from the booklets which indicate the different courses and subjects. Principal Orth also stated that the cards from the different junior high schools of the city have also been received.

The making of the schedule is a difficult task and will require much time.

Libel Is Charge In Case Before Judge Chambers

Claimed Letter Was Written To Ellwood Bank To Impair Credit Of Tito Principessa

Tarquin Marziano of Ellwood City was placed on trial before Judge Chambers this morning on two charges, one of criminal libel and the other of writing an anonymous libelous letter.

It is claimed that Tito Principessa, also of Ellwood City, was indebted to the People's National bank of Ellwood in the sum of $5,000 and that Marziano wrote a letter to the bank for the purpose of impairing his credit.

The letter which was exhibited to Carl C. Law and Charles Jackson, officials of the bank said in part: "File immediately Principessa's note and advise him to dispose of building, setting on lot No. 11 Marshall plan.

"He is going to bad every day. The longer you wait it will be worse for the bank. The ice cream company is going to cancel the contract they have with him in about six months.

It is claimed that the letter meant to infer that Principessa was insolvent, with intent that the credit at the bank be impaired. It is claimed that the letters were written about January 21, 1929.

Charles Jackson, cashier of the bank was the first witness called by the commonwealth. He identified a letter shown him and gave testimony relative to his knowledge of the handwriting of the defendant. Handwriting will figure prominently in the trial of the case as the commonwealth will try to prove that the letters were written by Marziano.

The defendant Tarquin Marziano denies that he wrote the letters and will attempt to establish his innocence.

Mount Jackson Will Enter Music Contest

North Beaver Township High School Will Send 75 To Erie Contest

North Beaver township high school at Mt. Jackson will send some 75 pupils of their student body to the Northwestern scholastic music contest, it is announced today. The contest which will take place in April will occur at the Academy high school in Erie.

The Mt. Jackson school will send an orchestra composed of 25 students; a mixed chorus numbering 60; a boys glee club of 25; and a girls chorus of 35.

The orchestra and chorus societies have been under the direction of William McCullough, director of music in North Beaver township.

The students entolled in these various musical bodies are all representatives of the Senior, Junior and Sophomore bodies of the school.

These groups have been practicing on the work which they will present for the past some time and it is expected that a very good showing will be made in the sectional contest.

This is the first such contest for the North Beaver school to enter.

Miller To Conduct Survey This Week

Municipal Engeneer Frank Miller today stated that assistants and he, some time this week, would conduct a survey of Dean park relative to the proposal that it be graded and converted into a recreation center. Council authorized the survey following the request of athletic enthusiasts that the big plot be converted into a field for sports.

Paint "New Castle" On Ramsey Block

New Castle, Pa., Is Painted On Ramsey Building Roof For Flyers Benefit

"New Castle, Pa.," and then a huge arrow.

This is what is painted on the D. G. Ramsey Sons building on South Croton avenue telling flyers just where they are and all about it.

The work of painting the letters is not completed as yet. Three gallons of paint already used are not sufficient and several more coats are to be applied.

The letters are 87 inches high and the two words "New" and "Castle" are 75 feet long. The arrow is 43 feet long. The wording will be completed very shortly and the roof top will be another step in local aviation interest.

New Band Head Well Qualified

Irvine's Successor In Schools Here Is Now Employed In Pittsburgh

ASSUMES DUTIES HERE NEXT FALL

Joseph F. Raplogle, Pittsburgh, who was just recently chosen by the New Castle board of education to fill the position of director of instrumental music in the city schools here is now associated with the Pittsburgh city schools and is one well qualified to assume the directorship post, it is believed by local school authorities.

Mr. Raplogle, aside from the fact that he is an exceedingly talented musician, has gained the distinction as being one of the outstanding orchestra and band leaders in Western Pennsylvania.

At the present time his work is in connection with the music department of the Pittsburgh schools, but his experience in musical circles has extended into many other different phases of the work. He holds an A. B. degree from the University of Pittsburgh and a Master's degree from the Carnegie Institute of Technology.

Mr. Raplogle plays most of the band instruments well and is an artist on the cello. During the two years that he spent in France while the World War was on, he was a player and director of military bands.

At the present time the work of instrumental director is being carried on well by John E. Paton, who served as assistant to Mr. Irvine while he was located here. The new director will not assume his new position until the opening of the fall term of school next December. At that time Mr. Paton will become assistant to the new leader.

The work of the voice department at the senior high school is under the able supervision of Miss Isabelle Zehner. Through Mr. Paton and Miss Zehner's splendid leadership this year both departments have taken considerable strides forward.

Mr. Raplogle succeeds LaVerne Irvine to the music directorship. The latter resigned last year to become associated with the State Teachers' College at West Chester, Pa., and is now associated with the department of music there.

Baseball Puzzlers

By CHARLEY BARRETT
Big League Scout Writing for Central Press and New Castle News

There is one rule in the baseball code that is always confusing to fans, players and umpires alike. I refer to the batting out of turn rule that has caused some mighty queer situations to rise.

Back in the days when I was trailing Mickey O'Neill, the catcher, in the Oklahoma bushes, I came across a mixup that almost led to a riot.

And it was all because a couple of fellows became confused and took their turn at the plate in the wrong order.

As I remember it, McAlester and another Oklahoma club were playing a double-header. The McAlester club lost the opening tilt, so the manager decided to shake up his batting order in an attempt to win the second game.

Let us say that in the first game A led off, B batted second, C third and D fourth.

In the second game the revised order had A leading off, D batting second, C third and B fourth. Remember the changes, because here is what happened:

The trouble arose in the very first inning because after A went out, B went up to hit, although he was supposed to be batting fourth. He walked. The mistake was not noticed and C singled, placing B on second. D also singled, filling the bases, and then the error was discovered. And, oh, what a time they had!

Under the rules the improper batsman is out and the proper batsman should take his turn at the plate. But B, the proper batter, was on third. What should happen to him? Of course D was out, but who was going to bat? Should they take B off third base and let him hit and, if so, who was going to take his place on the bag?

Personally I would not have cared to have been called on to decide the argument. It simply was a case in which the umpire had to make his ruling, unsupported by the book.

I have seen many cases of batters swinging out of turn, but this mixup was in a case by itself. The umpire in charge made the base runner come in to bat and permitted his team to put a pinch runner on the sack.

TRAINING CAMP 'BUNTS'

Baseball Teams In 'Big Show' Prepare For Season

(International News Service)

SAN FRANCISCO, Cal., March 21.—The Pirates ended their present series with the San Francisco Seals by handing them their second straight defeat 4 to 1. It was a pitchers' battle throughout. Earl Sheely, Buc's elongated first baseman, clouted a homer in the ninth.

The Missions will be the Pirates opponents for the remainder of the week. The final game with the Seals will be played Sunday morning.

ORLANDO, Fla., March 21—Dead tired by the 170 mile bus ride here from Ft. Myers the A's finally defeated the Cincinnati Reds yesterday 7 to 5 and will attempt to do the same thing today. The hitting of Joe Hassler again featured the Mackmen's play. Orwoll looked better at first than he had in his other games.

CLEARWATER, Fla., March 21.—The Phils now have two wins and three defeats to their credit as a result of the 6-5 setback they handed the Brooklyn club here. The team journeys to Avon Park today for a game with the Cardinals.

PEOPLE COMPLAIN; WOMAN IS ARRESTED

About 5 o'clock this morning, several complaints were registered with the police department concerning the noise being made by a couple in an automobile in front of 928 East Washington street.

Officers Letera, Hanna and Criswell answered the complaint and found Lillian Grace and Earl Gallagher in the car of the latter. Miss Grace was taken into custody and will be given a hearing on the charge of disorderly conduct before Acting Mayor W. T. Burns on Friday morning.

WAR TIME LETTERS BY COL. LEASURE

Written From Battle-front During Civil War

From Papers of Late Col. J. S. DuShane

Col. Daniel Leasure

Picture Permit of U. S. A. Signal Corps

(Continued from Yesterday)

Headquarters, 100th P. V. July 3-'64

Dear Papa:-

I wrote you a few lines day before yesterday and promised to write again when I had an opportunity. The Fourth is past and still everything is quiet. Yesterday was very quiet, it being disturbed occasionally by the sharp crack of a sharpshooter's rifle.

Everybody was expecting we would give and receive a shelling but everybody was disappointed. But all night long the rebels kept up a continual shooting and shelling in our front. I suppose they thought we would likely attack them during the night.

Occasionally it seemed as though there was an attack and then it would simmer down a little, then commence again. I did not sleep very much. I was down to see Battery B yesterday evening. Captain Cooper is well and wished to be remembered to you.

Lee In Front

In their front is some of Lee's army and their men and ours have a truce established, except one or the other attempts to advance. In our front is Beauregard with the Carolina troops and they haven't sense enough to quit shooting when there is no necessity for it.

I guess they must be very fearful of an attack from us. Our men have been the recipients of tomatoes and dried apples several times I believe from the sanitary commission but General Leslie sends around an order that they are issued through his kindness. He cannot roll soap any of us.

One of our men on duty at division headquarters said that General Burnsides came to him yesterday and asked where and how his division was now. He could not tell him where they were and had to go down to brigade headquarters for the information and I don't believe our brigade commander could tell him.

There is never any of them down at the front in daylight and but one of them has ever been down at night, at least where we were supposed to be the most exposed place on the line. Massachusetts tries to run this machine. (I mean the new Massachusetts regiments) but they cannot run us.

Gentleman and Soldier

They have got us down on them the way they have been doing and we are as independent as hogs on ice. We have been in the service long enough to know what is right and right we are going to have.

We hold our own. Lieut-Col. Hankes, 21st Mass., has resigned on account of ill health but he was so completely disgusted he could stand it no longer. I think him a gentleman and a soldier. The 97th Pa. Col. Gus. regiment is lying next to us. Mr. Watkins of the firm of Graff and Watkins has a son in the regiment I believe.

I wrote you about the death of Col. Dawson. He died on the 30th of June at Washington. Some reverend gentleman of the sanitary commission wrote a very affecting letter to Mr. Dickson about his death. It was read to the regiment Sunday evening when it was received.

The men were affected very much. I suppose you had better send for commissions now for lieutenant-colonel and major. Walter C. Oliver is the ranking captain. Lyon and Johnson, Co. D., Moffatt, C., F. Applegate H have been mustered. Dr. Taylor and Fisher, Co. C. have made application to be discharged but have not yet received the order. They are expecting them every day when they will be mustered.

Urges Non-Committal

Do you intend being mustered out in August? You had better make up your mind to be and go at something a little easier. You cannot stand it any longer in the field. No use to try it. I would like to know. Would say nothing about it to anybody because what I will do, depends on what you do in the matter.

I feel like you. We have been so closely together for the last three years and more and went through some pretty dangerous places together. I feel as though I had lost my better half but I am young and can stand it while you cannot. Jeff intends quitting in August and I believe Joe is the same.

Joe's health is very poor now. I think getting married had a very bad effect on him. Foolish boy, not to wait until he was out of the service. But that is his business, not mine. Cornelius and Morrow were nearly married and several more of our regiment were married while at home in March, who have been killed in this campaign.

Knox Home Wounded

If you send for commissions for Jeff and Captain Oliver, do not forget the line officers. First Lieut. William Hammond, Second Lieut. John H. Anderson and First Sergeant Joseph G. Knox, all of Lawrence county. Knox is home wounded. He will make a good officer and it is Oliver's wish to have him promoted.

We have never received official notice of Blair's resignation being accepted, only through you. He is still carried on the rolls. I have nothing more to tell you that I can think of. Love to Uncle, Aunt and Ella. John is well and hearty.

Your Loving Son,
GEORGE

Acids In Stomach Cause Indigestion

Create Sourness, Gas and Pain. How To Treat.

"Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

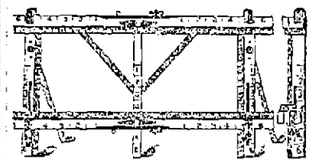

Artificial digestants are not needed in such cases and may do real harm. The buying aside all digestive aids and instead get from any druggist some Bisurated Magnesia; one tablespoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (the powder or tablet form, never crystal or milk) is harmless in the strength indicated, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

GETTING UP NIGHTS

For Bladder Relief Is Nature's Danger Signal. Columbus Minister's Wife Relates Experience.

Rev. W. H. Mitchell, 824 No. Park St., Columbus, Ohio, says: "My wife was troubled seriously with bladder irritation until we used Uhlated Buchu (Keller Formula). She would have to get up 6 to 8 times each night. Will gladly answer any letter."

Uhlated Buchu acts on the bladder as epsom salts on the bowels. Drives out foreign matter and decreases excessive acidity, thereby relieving irritation. The tablets cost 2c each at all drug stores. Keller Laboratory, Manufacturing, Ohio. Locally at Paisley Pharmacy.

Two Hillsboros Claim Mrs. Wright Birthplace

(International News Service)

WASHINGTON, March 21.— Citizens of two Virginia towns are scrambling for the honor of establishing the birthplace of Mrs. Susan Catherine Koerner Wright, mother of Wilbur and Orville Wright, fliers of the first airplane—and both towns are named Hillsboro.

One Hillsboro is in London county and the other in Albemarle. It is known Mrs. Wright was born in Hillsboro, Va., but nobody knows which one.

University of Virginia authorities believe it is the Loudon County Hillsboro and a search of county records there is being conducted for a trace of her name. An old Virginia gazette states that the town had two wagon makers, as well as a blacksmith, and Mrs. Wright's father was a wagon maker.

Diphtheria Shows Decline In Month

State Reports Show Decrease In Diphtheria And Pneumonia During February

HARRISBURG, March 21.—The morbidity report for February, just compiled by the Bureau of Vital Statistics shows marked decreases in the prevalence of diphtheria and pneumonia in Pennsylvania as compared with January totals. On the other hand, there were increases in measles and whooping cough. The rate for scarlet fever showed little change.

Fewer cases of diphtheria were reported in February than in any other February on record. There were only 570 cases in the entire state with no serious epidemics. Outside of Philadelphia with 109 cases there were more diphtheria cases in Shenandoah than in any other city of the state. Only 32 cases were reported in Pittsburgh and no other city had more than 15 cases. The rural areas were equally fortunate.

Pneumonia was exceptionally prevalent in January, which broke all records for the month in the number of cases reported. But the February report shows a decline almost to the average of the previous ten years.

Measles Prevalent

There were 7239 cases of measles reported in February, a larger number than in any other February since 1926. Measles appear to be particularly prevalent in Berks county and Reading, Blair county and Altoona, and in Union, Fulton, Bradford, Susquehanna and Adams counties.

Whooping cough shows only a moderate increase over the January report, but the number of cases reported is higher than in any corresponding month since 1931. The infection seems to be widespread throughout the state. There are few counties or cities which do not report two or more cases.

Scarlet fever shows only a slight decrease below January, but in this winter as a whole there have been fewer reports of this disease than in any winter since that of 1922-1923. However, the infection is reported from nearly every county and city in the state.

Only 91 cases of typhoid fever were reported in February. This is also a low record for the month following a new low record for the month of January.

Tuberculosis case reports numbered 557. This is above the average for the month, but the reason is thought to be better reporting rather than increased prevalence.

Of the diseases of lesser significance there was one case of smallpox, the first for the year, reported from Beaver county. Six cases of infantile paralysis were reported from widely separated points. A case of anthrax was reported from Philadelphia and another from Scranton. Philadelphia reported two cases of tetanus. Bethlehem 1 and Greene county, 1. One case of pellagra was reported in Philadelphia and a case of Malta fever developed in Bethlehem.

Examine Stock At State Game Farm

Birds At State Propogation Farm Found To Be In Good Condition

Doctors Thompson and Elzie of the State Bureau of Animal Husbandry at Harrisburg have returned after making a thorough inspection of the game birds housed at the state propogation farm near Harlansburg.

The state has received 12,000 Hungarian quail from Czecho-Slovakia for the purpose of replenishing the stock in the state. These birds have been scattered over a wide area, and it has been found that some of them were not entirely disease free.

The men from the Bureau of Animal Husbandry have been visiting the various locations where these birds are kept and examining them.

Game protector Frank Johnston states that the birds at the local farm were found to be in excellent condition, and were given the stamp of approval by the state men.

HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

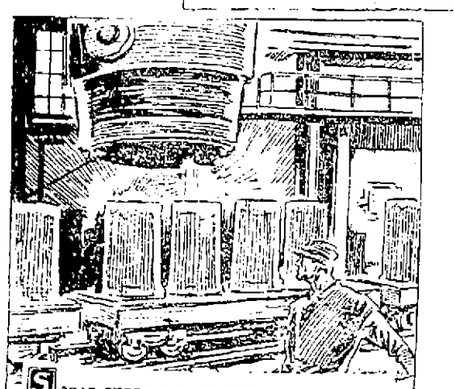

The Story Of American Industry
Iron And Steel—(Part Five)

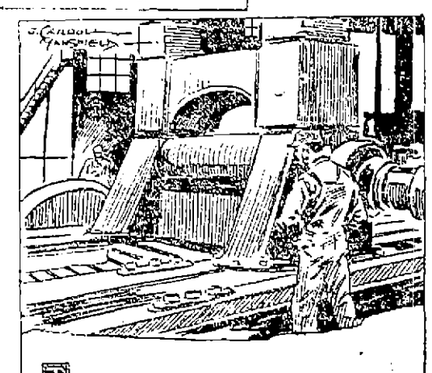

BEFORE 1850 THE PROCESS OF MANUFACTURING STEEL WAS SLOW AND EXPENSIVE. THEN AN ENGLISHMAN, SIR HENRY BESSEMER, FOUND A WAY TO MAKE STEEL QUICKLY AND CHEAPLY. BY HIS METHOD A POWERFUL BLAST OF HOT AIR WAS BLOWN THROUGH A "CONVERTER" FILLED WITH MOLTEN PIG IRON, REMOVING THE CARBON FROM THE METAL. WHEN A CERTAIN AMOUNT OF CARBON WAS PUT BACK INTO THE CONVERTER, THE IRON BECAME STEEL.

THE BESSEMER PROCESS WAS INTRODUCED INTO AMERICA AND FOR MANY YEARS WAS THE MOST WIDELY USED METHOD OF MAKING STEEL. LATER, THE NEED FOR MAKING LARGER QUANTITIES OF STEEL AT ONE TIME AND KEEPING THE QUALITY ALWAYS THE SAME LED TO THE DEVELOPMENT AND ADOPTION OF THE "OPEN HEARTH" PROCESS.

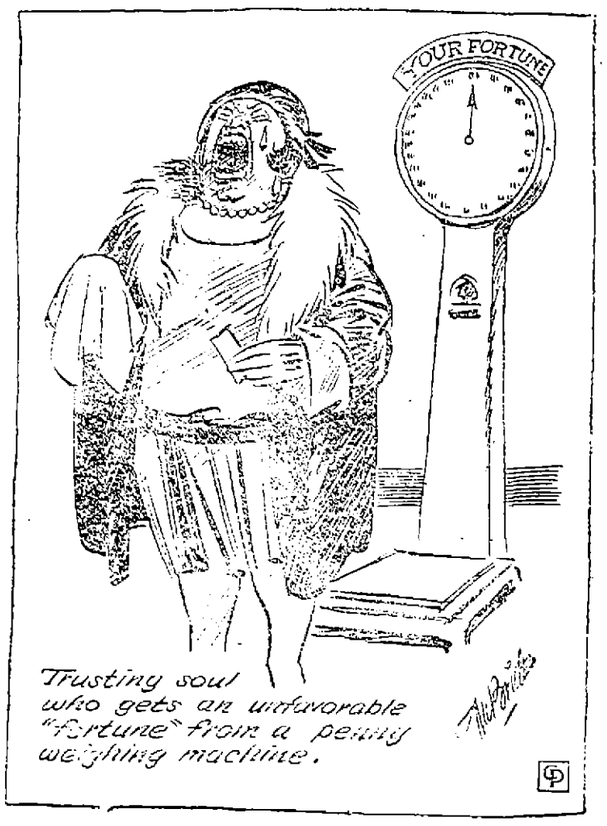

SCRAP STEEL AND PIG IRON TOGETHER WITH LIMESTONE AND COKE GO INTO THE OPEN-HEARTH FURNACE. WHEN THE PURIFYING PROCESS IS FINISHED, THE MOLTEN STEEL IS POURED INTO HUGE TRAVELING BUCKETS AND FROM THE BUCKETS INTO MOLDS, WHERE THE LIQUID METAL HARDENS INTO INGOTS.

TAKEN FROM THE MOLDS, THE INGOTS GO TO THE ROLLING MILL, WHERE THEY ARE TRANSFORMED INTO RAILS AND VARIOUS STRUCTURAL SHAPES. THE GLOWING STEEL IS ROLLED, HAMMERED AND SHAPED BY GIGANTIC MACHINES, BESIDE WHICH MEN SEEM LIKE PYGMIES.

TOMORROW—IRON AND STEEL (CONCLUDED).

Wolgast Has Class

Johnny Keyes To Handle Wolgast Against Frisco

Grande Is Puncher

By ED FRITZ

Fight fans of western Pennsylvania and eastern Ohio are "steamed up" over the coming ten-round battle between Midget Wolgast, champion flyweight of Pennsylvania, and the fastest pugilistic performer in the west and Frisco Grande, the hard hitting and clever boxer from the Philippines. It will be the nearest thing to a championship bout that the city has ever had and Bill Jolly deserves the plaudits of the fans for landing the "big shot".

For a year there has been an insistent demand that Wolgast be matched with some topnotcher and when announcement was made that Grande had been selected the fans fell right in line with the bout. Wolgast has defeated Willie Davies three times and Grande gave the Welshman plenty of trouble two weeks ago here. In fact he floored Davies and Willie took the hair line award by a rally in the closing rounds.

Wolgast is rated among the topnotchers, likewise Grande. Wolgast does not tote the punch that Grande does but what he lacks in sock is taken care of in speed and punch. The Filipino, however, believes that he has a chance to knock out Wolgast and if he does there will be no question but that the fans of Pennsylvania would recognize him as the uncrowned champion. And that is exactly what he intends to do, he telephoned the writer last night.

"You can tell the fans of New Castle that they did not see me at my best when I boxed Willie Davies," said Grande. "I had a severe cold as many New Castle people know. And this coupled to the removal of a pound of flesh the day of the fight slowed me up in the last part of the fight. At that I don't think Davies had anything on me but I am always willing to abide by what the fans say."

Card Looks Good.

In fact the entire card to be presented Monday night looks good. George Rohanna and Johnny Hahn will be new faces and that is what the fans have been clamoring for. According to reports, they are punchers and it would not be surprising were one or the other to drop. If Romeo Parelli can beat Young Kaiser in the other six-round bout it will not be long until he is given an assignment against some real featherweight topnotcher.

Bobby Burns of Pittsburgh is another new boy in the ring who is cutting capers and he will be given a trial by Tom O'Leary who likes to slug. Young Stemple will take on Mickey Donato in a bout at 112 pounds. Stemple gave away five pounds to Roy Minteer but will box Donato on even terms. Donato is said to be a classy performer and Erie fans like his style very much.

The reservations were placed yesterday and it looks as though there will be a large crowd on hand to welcome Wolgast. If the receipts justify the arranging of a Wolgast-Davies championship fight the Jolly bowl will make a bid for the attraction. Wolgast is not ducking Davies and we believe that Willie will be willing to fight Wolgast. Fighters are after money and if the money is there the fight will be staged here.

For a long time it was thought impossible to get Wolgast to come here but Jimmy Kelly accepted the match. Right now Jimmy is in a New York hospital ill and the midget will be taken care of by Johnny Keyes. Johnny knows his onions. Ben Irvine will handle Grande and the battle from the corners will be a war of wits.

Dinger After Perotta.

Jimmy Dime, the old master of punch, who once was the teacher and manager of George Perotta, believes Joe Dinger can whip Perotta. He told this to the writer a few evenings ago while we watched the veteran giving instructions to Fritz Otis, his German heavyweight. Dime is sincere and said that if Perotta would agree to fight Dinger he would be willing to wager $500 that Dinger would win.

Dinger, from DuBois, has only appeared here once. He met Bill Beatty. After Dinger hit Beatty on the chin and rolled him for a count Beatty got up. Dinger nailed Bill again and Beatty took the easiest way out. Since then Dime has been putting a lot of work on Dinger and believes that he is now ripe for a shot at the bigger game and is anxious to mate Dinger with Perotta.

George, according to what we have been told, is not taking the Dinger matter seriously. In fact he added oil to the fire when he remarked that "What's the use of fighting someone who hasn't a reputation?" This brought on Dime's offer to bet a little money but in bouts at the Bowl betting is prohibited.

It is probable that Dinger will get another chance to strut at the bowl. It wouldn't be a poor idea to put him on two weeks from the coming Monday night. After he has finished the bout fans will have a chance to see for themselves whether he would be able to "take Perotta" as some of his friends say he can.

I. A. A. Club To Organize Team

Have Already Been Admitted In Lawrence County Circuit

Team To Consist Of Italians; Practices To Start In April

According to reports from officials, the Italian Athletic association baseball club will have a good team in the Lawrence county circuit and will be in the thick of the fight for honors in the league. They were recently admitted to the Lawrence county league.

The team will consist of players who have seen action with different sandlot teams around this vicinity. New uniforms and the use of Centennial field are expected to make the organization a success.

All former Italian ball players should get in touch with Peter Capitolo for positions on this nine. The following are requested to get in touch with Mr. Capitolo: General, Augustine, Biondi, Costello, Orlando, Domenick, Valicnsi, Mash, Marino, Petrucci, F. Marcella, Scaglione, Simione, Picarro, Cardella, Colaluca, Gennock, Y. Marcella, Turco, Richards, F. Ross, Pancilla, Venditto, L. Ross, Copple, Pascarella, Fundoots and Tofano.

The I. A. A. team will be sponsored by the New Castle O. & P. league club and practice games will start sometime in April.

Bessemer Varsity Defeats Pirates

France Fearful Of Losing Title In Cup Matches

Jean Borotra, Great French Tennis Star Says America Will Win Back Honors

PRAISES TILDEN AS GREAT PLAYER

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, March 21.—Destiny and American resourcefullness will take the Davis cup from France as inevitably as the stars must shine and the sun follow its orbit.

Jean Borotra, France's gay troubador of the courts who for eight years has played his tennis from the Riviera to Rio—in the shadow of New York's skyscrapers one month, by the side of Nanking's rice paddies the next—was conceding today what he believed to be a melancholy fact. The concession was made with typical gallic resignation. It is fate; what would you? He seemed to say.

"Our few can beat your few now," said he, gravely. "That is fortunate. But it isn't permanent."

What was meant, he was eager to explain, was that it was only a question of time until the many good ones here, the man power of American tennis, must overcome France's few. Lacoste and Cochet? Oui, M'sieur. Of a certainty, they are great. But they have reached their best and can get no better. He added that they will play top tennis perhaps for ten years.

Tilden Praised

"Does that mean that you expect to keep the Davis cup for ten years?" He was asked.

Mais, Non, of an absurdity! Of a great absurdity!" His hands fluttered in palmed negation.

"We have no great confidence that we will be able to keep it one more year," he said, and launched into a tribute to Bill Tilden, forthwith. William, it seems, is one of the gentleman's many enthusiasms.

"No team with a Bill Tilden ever is beaten in advance," he declaimed. He seemed shocked when informed that the American public was expecting less and less of Tilden as time went on. Tilden, he added, would play tennis this year reminiscent of the Tilden of old.

Tilden, in his eyes at least, is America's insurance at the moment against elimination before the final round. Subsequently, it will be our overwhelming resources of player strength that will achieve this result. Borotra professed himself to be fairly staggered by the proficiency of the average player he faced in America.

"Any of your men, ranking from number ten to number fifty, may beat any of ours, ranked from number five to number ten," he explained. "This means everything in a competition between two countries. You have so many stars, we so few. When Lacoste and Cochet falter, our best man will be boussus, because of his youth. The rest of the good ones in France are, unfortunately, not young.

Rookie Waits Four Years For Chance To Win Second Major League Game

By NORMAN E. BROWN.
Sports Writer for Central Press and New Castle News.

WINTER HAVEN, Fla., March 21.—The "big chance" which Phil Collins thought had come to him four long years ago looms once more as the Philadelphia National league club lumbers here for the opening season. This isn't Phil's first trip to a major league training camp but an accident in the opening days of 1925 nipped his hopes in the bud. His meteoric rise to fame a few months before that happened—and the four-year fight to win another opportunity makes his story well worth telling.

* * *

Phil had been playing semi-pro ball around Chicago when the Rockford Ill., club of the Three-Eye league signed him for the season of 1924. Before the close of the Three-Eye league season the next fall two or three major league clubs were looking him over and the Chicago Cubs won out in the rush.

Collins reported to the Cubs, then led by Bill Killifer. One day he heard the word, "You're working today, Phil."

Tossed in against the St. Louis Cardinals he turned in a neat victory—10 to 3. True the Cubs were hitting well behind him but it was a neat game. The papers said so. So did Killifer. The season closed a few days later and Collins went home to await the spring jaunt to be followed he hoped, by a real chance in the big show.

He reported to the Cub camp at Catalina island. A few days later in practice he wrenched his leg. The injury refused to yield to treatment and eventually he found himself released to Bloomington in the Three-Eye league. There despite the fact he was handicapped early in the season with the game leg he won 20 games and lost five.

The next season found him with Terre Haute in the same league—having been purchased outright by that club. He failed to get along, however, winning something like 13 and losing almost that many. Again in 1927 he had a fair year as victories go but the New Orleans club of the Southern league took a chance on him.

With a club that wound up in third place Collins won 16 and lost 14 games. His winnig average doesn't tell the tale however. He was the Free Marberry of the team. He was tossed into 40 ball games—an average of a game every other day as far as his name in the box score was concerned. And in a goodly number of these games he worked a fair portion of the nine innings. Anyone who has played baseball or even summered in New Orleans will tell you that it takes an iron man to carry through a schedule like that with the thermometer threatening the top of the tube every day.

* * *

His showing drew the attention of at least three major league clubs and Owner Baker of the Phillies grabbed him.

He was only 21 the fall he reported to the Cubs. Now, at 28 he is still young enough in years to tackle a job with a ball club that is being built anew.

Junior Varsity Is Winner Over 9-A2 In Floor Battle

The junior varsity at Mahoningtown junior high school defeated the 9-A2 team, class league champions, 25 to 20 in a fast game played on the Mahoningtown school floor on Wednesday afternoon.

By virtue of their victory over the 9-A2 team the junior varsity will be allowed to play the Mahoningtown junior high varsity team for the school title. The championship game will be played at the seventh ward school floor on Friday afternoon. The senior varsity team will be made up of Cearfass, DiThomas, Rapp, Compellio and McCune.

Raskowski and Mingione led the attack Wednesday with five and four baskets respectively.

The summary:

Junior Varsity 25		9-A2 20
Pascarella	F	Orlando
Raskowski	F	Mingione
Brandt	C	Hill
Rishel	G	Letiera
Butts	G	Weaver

Subs—Ronan, Lostracco, Doddle.

Field goals—Pascarella 3, Raskowski 6, Brandt, Rishel, Ronan 2, Mingione 4, Hill 2.

Fouls—Junior varsity 5 out of 7, 9-A2 4 out of 14.

Croton M. E. Challengers Now Leading Nine Game Race With Mahoning Champs

With a lead of 23 pins, the bowling team of the Croton M. E. church is being followed by the Mahoning M. E. men, the latter church league bowling champs. Wednesday night's second series of three games gave the Croton men this lead.

The way the points stand at present is Croton 2995, Mahoning 2972. The next three, the final three games, will be rolled Tuesday evening on the Y alleys at 7:30 o'clock.

The Mahoning M. E. church team won the church league title by a small margin and this challenge followed from the Croton team.

Ben Franklin Girls End Perfect Season

Ben Franklin Girls Given Luncheon On Wednesday In Model Apartment

Girls Were Never Defeated And Won The Junior High Title

On Wednesday afternoon the Ben Franklin girls' varsity basketball team members were guests at a luncheon in the model apartment of that institution. The Ben Franklin maidens ended a very successful season.

The won the girls' junior high school league basketball title and were never defeated.

Franklin scored a total of 192 points to 55 for their opponents, which is a very splendid record for a girls' team.

The closest call to defeat they had was when the Washington maidens tied Franklin. Outside of this they practically had things their own way. Credit for such success goes to Coach Muriel Findlay, who developed a very smooth passing machine and a stone wall defense hard to penetrate. This is her first year at Ben Franklin.

Superintendent of Schools C. C. Green and Miss Pauline Gilkey were honor guests at the luncheon which was enjoyed by all present. Principal Burton of Ben Franklin and Coach Findlay were host and hostess. The varsity girls presented Miss Pauline Gilkey with an eversharp pencil in appreciation for having rendered her services as referee throughout the season.

The squad which is composed of 14 girls, played exceptionally good clean

OLD GOLD CIGARETTES WIN FIRST IN TESTS AT YALE

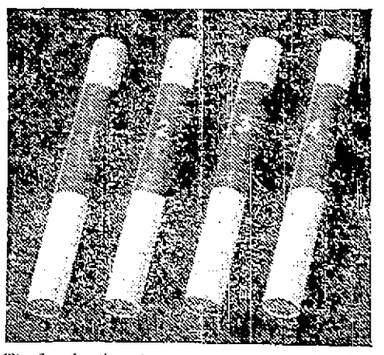

In the recent cigarette test made at the University, OLD GOLDS were chosen by the students as the best. The cigarettes were masked by black labels so that the names of the brands were concealed. Each label was numbered. This was judged to be the most sporting way of testing the merits of the four leading brands. Some 208 Yale students were asked to smoke the four disguised brands without knowing their identity.

They were merely to choose, by number, the one that was most appealing to the taste.

The NEWS supervised the test on January 18 at various fraternity houses and in the NEWS office.

When the votes were recorded it was discovered that OLD GOLD (Cigarette No. 3) had won. Old Gold was given 63 first choices, which was 11 per cent ahead of Cigarette No. 2, 34 per cent ahead of Cigarette No. 1, and 53 per cent ahead of Cigarette No. 4.

Alexander Hopes For No-Hit Game

Alex Hates To See Rogers Hornsbuy Step Up To Bat

STOPPED YANKEES AND GOT "BIG KICK"

By JAMES L. KILGALLEN,
International News Service Staff Correspondent

AVON PARK, Fla., March 21.—"The toughest pitcher in the National league for me to pitch to is Rogers Hornsby. I'd rather see anybody else up there at the plate than him."

So declared Grover Alexander the famous pitcher of the St. Louis Cardinals as he engaged in a little fanning bee with the writer on the bench at the local ball park while the Cards were going through their spring training paces under the watchful eye of the new manager Billy Southworth.

"Another hard guy to pitch as far as I was concerned was Jimmy Archer the old catcher of the Chicago Cubs in the days of that Tinker-to-Evers-to-Chance combination. Archer wasn't so much of a hitter but he was tough meat for me."

"How long have you been pitching, Alex?" I asked him.

In Nineteenth Year.

"This is my nineteenth year and I'm not through yet. The old soup bone feels all right. Of course I haven't all my old time speed but the old bean is still functioning and I think I can fool them for another year or two—maybe longer. I won sixteen and lost nine last season and I hope to beat that record this year."

"In your great career what game gave you the most satisfaction—the greatest kick, so to speak?"

"Oh, I guess that game against the New York Yankees in the world series of 1926 when I went in as a relief pitcher with the bases loaded and stopped them?"

"Is there any truth in the story that they had to go to a saloon to drag you into the ball park?"

"No, that's bunk. You fellows must be hard up for something to write sometimes. I ambled in, taking my time, because I wanted to get the Yanks' goat. I was all right. I am no prohibitionist but I keep myself in condition. If I didn't I wouldn't be in this league as long as I have been."

Seeks No Hit Game.

Alexander said that it always has been his ambition to pitch a no-hit no-run game but he never has been able to achieve it although he has come awfully close.

"I pitched five one-hit games in 1913 and 1914" said Alexander. "In one of these games in St. Louis I had two out in the ninth when Art Butler came up and ruined my perfect game with a single. That almost broke my heart. I was young then and took things seriously.

"Again in a game in Boston, pitching against old Cy Young the only man that got to first base landed there because an infielder didn't get that ball over to first in time. The batter laid down a swinging bunt, surprised the infield and beat the play at first. I never will forget that game."

Alexander predicted that the Cards will be in the thick of the pennant fight this year. In fact, he believes that St. Louis will win and that once again he will apepar in a world series.

Three Floor Games At Union Friday

Three fast basketball games are on tap at Union high gym on Friday night. The event will be known as "senior night", and the games are being staged as benefits. The first game starts at 7 o'clock.

The first game will bring together the women's faculty team of Union high and the women's faculty of Bessemer high. This game is attracting quite a lot of attention and should be interesting.

In the second game the Union high varsity girls' team will play the Y. W. C. A. Triangle team. The Union high maidens are desirous of winning from the New Castle girls, and will stage a hard battle.

The third game brings together the Union high team and the New Castle Business college quintet. Coach Burnham has the Union high team primed for a victory over the highly touted Business college passers.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

If receipts here Monday night justify a state flyweight championship match between Midget Wolgast and Willie Davies, it will be staged here this summer. A few days ago the writer mentioned that James Buchanan, manager of Davies, was not wholly correct in declaring Wolgast had turned Davies down cold. Willie is a splendid litle fellow and a statement like that only hurt his chances of fighting Wolgast.

Last night I talked to Johnny Keyes, New York, on the long distance telephone and he said that when Wolgast came here Monday night and the gate receipts justified a championship fight, he would sign for the bout this summer. Nothing fairer than this could be said. The writer believes that Davies will fight Wolgast. We had been working on a Wolgast-Davies match for months and it looked for a day or so as though Buchanan's premature statement had ruined prosepects for the championship "go."

It certainly would be the class but the coming bout will give the fans a chance to draw lines as to how Davies and Wolgast would fare. Wolgast didn't have to extend himself and it was too cold for him to work up a sweat when he boxed Goldberg. Monday night Grande will be on top of him all the time and the fans will see the greatest boxing bout they have seen here in years. Mark down that prediction.

Jimmie Dime's big German, Fritz Otto, stands six feet one inch, weighs 195 pounds and before he came to the United States fought 40 or 50 times, according to Jimmie. Dime knows the big German is not tuned up yet for his entry into the game here as boxing in the U. S. is conducted in a different way than in Germany. As soon as Jimmie believes Otto should be sent into a battle he will sign him in a short bout some way. He's teaching him balance and punch now.

Elton by Essexford took the famous Lincolnshire handicap over the mile course at Lincoln, Eng., yesterday. Elton won by a head.

Henry Firpo, the middleweight of Louisville will box Rudy Cedar of Charlerol and Joey Goodman will step against Steve O'Malley in bouts at Youngstown tonight. Firpo should have no difficulty winning from Cedar who is known as a "club fighter." Henry will probably appear here against some topnotch fighter in the near future. Efforts will be made to secure Frankie Schoell, Dave Shade or some other fighter with a national reputation.

Graduate Manager Clarence Overend of Carnegie Tech is giving serious consideration of the possibility of transporting the Carnegie Tech grid squad by airplane to Los Angeles for the game with Southern California next December.

If city council wishes to please the athletic inclined of the city they should lose no time in having Engineer Miller make a survey of Dean park. This proposition was discussed years ago but nothing was done by the city fathers until Jack Herbert, Ed. Connery and Alex Samuels visited the councilmen recently. To put the plot in shape for baseball, tennis and other sports, it would cost the city $5,000.

So far the New Castle Baseball club has not announced their ball plans for 1929 and it looks as though the "For rent" sign will dangle from the grandstand. A league could be formed and all games could be staged at Centennial field. There is sufficient material for good baseball here and there is no question but that the New Castle ball field is the best in this section.

Calvanese Leads Foul Shooters

Nick Calvanese leads the foul shooters in the Mahoning Junior High foul shooting contest with 13 out of 25 tries. The contest will be resumed today. 7-A, and 7-B, 8-B and 8-A1, have had their throws. The teams left in the contest are 8-A2, 8-B,9-A1 and 9-A2. A fine prize will be given the winner.

Why Doctor Reynolds Insists on Milk of Magnesia in Tablet Form

The Doctor's Verdict.

"Yes, Lac-Ma Wafers. I always insist on my patients using Lac-Ma when the need of a Milk of Magnesia is indicated. Liquid magnesia precipitates while Lac-Ma gives assurance of accurate dosages and are pleasant and easy to take."

Again science has triumphed and today the medical and dental professions are prescribing Lac-Ma Wafers.

Children Love Lacma.

Children who fight against taking unpalatable liquid magnesias actually crave Lacma Wafers, because they taste like candy.

Lacma Wafers Economical.

Lacma Wafers keep perfectly under all conditions. You get more for your money as there are 100 teaspoonsful in each package. No danger of freezing or precipitating.

Lacma Wafers Convenient.

Lacma comes in an attractive package which, due to Lacma being concentrated, can be carried in your vest pocket. Remember it is not necessary to add water to Lacma—of course you can if you wish—but Lacma will dissolve quickly if just placed upon the tongue.

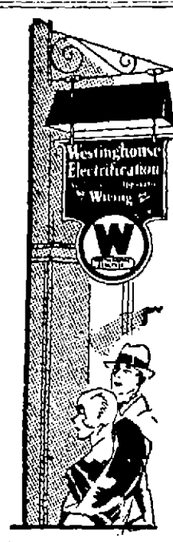

Use Lacma Regularly.

All admit that milk of magnesia should be used for various uses—correct acidity, for bad breath, a gently laxative, cleaning the teeth—and all the various uses for which milk of magnesia has been found so desirable.

LAC MA MILK MAGNESIA in WAFER FORM

Go to your druggist today and ask for a package of Lacma Wafers. They cost but a few cents. Start using Lacma Wafers and you will never go back to the old methods.

Constant Driving has Sold the *Salesman* on Sterling

SALESMEN speak with authority on motor oils and gasolines. On the road—day after day—the old law of averages works out, and they soon discover which oil really has a body and which gas really has the pep.

Sterling stations, wherever they dot the highway, are patronized by salesmen. It is when a car is subjected to constant hard mileage that Sterling Motor Oil has the greatest opportunity to show its decided superiority over ordinary motor oils.

Why He Pays More and Uses Ethyl

Said one salesman—"Yes, Ethyl cost a few cents more. My car expense is paid on a mileage basis and you would think I'd buy the cheapest gas I could get—and save the difference.

"But it don't work out. The experience of mileage soon teaches you that. Travel ten or twenty miles a day and you would never find out, but knock off a hundred or more every working day in the year and you will soon see the economy and satisfaction in using Ethyl."

Business College To Battle Union High On Friday

The New Castle Business College basketball team will play Union High floor team, a return game on Friday night. The game will be played at the Union gym. Coach Burnham is anxious for revenge on the Business College boys for a one-point setback earlier in the year.

The game should be very interesting. The teams are about evenly matched. The Business College team will meet at the Spencer Paint & Glass company on South Mercer street at 7 o'clock Friday night to make the trip to Union High.

The Business College team will play the Duff's Iron City College quintet at New Brighton on next Wednesday night. This is the third and deciding game in the series between the New Castle and New Brighton teams.

New Castle Roller Polo Team Victors

The New Castle Roller Polo team defeated Warren, Ohio, Polo ists 4 to 3 in a fast and exciting game, staged Wednesday night at the Jolly Bowl. D. Miller was the high scorer of the game with two goals, while Hamilton and L. Irwin had one goal apiece for New Castle. For Warren the goals were made by Gillian, Bucy and Antwell.

The summary:

New Castle 4		Warren 3
R. Ryan	F.R.	Gillian
Hamilton	S.R.	Bucy
D. Miller	C.	Antwell
P. Miller	H.B.	Rowland
E. Irwin	G.	Minotti

basketball on the floor and they all deserve plenty of credit. Captain Lillian Morris, who played side center, played a very hard and defensive game, likewise Miss Helen Kraft, who was high scorer for the season. Kraft proved a tower of strength to the blue and gold maidens. The remainder of the varsity crew also played good basketball.

Those present at the luncheon on Wednesday were as follows: Superintendent of Schools C. C. Green, Principal F. L. Burton, Miss Pauline Gilkey, Coach Murial Findlay, Captain Lillian Morris, the Misses Helen Kraft, Jennie Ciccone, Evelyn Jewel, Katherine Russler, Helen Keck, Lillian Kattila, Marie Thompson, Elma Kevine, Mayme Shellan, Philomena Genock, Lucille Lombardo, Rosalie Stencer and Eva Davis.

Following is the 1928-29 record of Ben Franklin girls:

Total—Franklin 138, opponents 55.

MARINES WALLOP NAVY VOLLYISTS

Members of the Marine team in the business men's volley ball league defeated the Navy crew two out of three games at the Y. M. C. A. on Wednesday evening. Rhodes for the Marines and Lipman for the Navy were the stellar performers.

Friday at noon the Army team will clash with Notre Dame.

Peerless Five To Play Floor Game

The Peerless Five basketball team will oppose the Frank's Billiards of West Pittsburg, tonight at the Lincoln-Garfield gym floor. The game will start at 7 o'clock.

All of the Peerless players are asked to meet at the gym at 7 o'clock sharp. The Peerless team is anxious to defeat the Billiards tonight.

Boy's League To Resume Saturday

The Boys' League of the Y. M. C. A. will resume play on Saturday afternoon. The games scheduled for last Saturday, March 16, will be played this Saturday. The Boys' League is in charge of Henry MacNicholas, assistant physical director of the "Y". The league is very popular.

Out Of Door Sports For Senior High

Now that basketball season is over at the senior high school, boys physical director, William L. Klee plans to hold different out door sports during gym periods.

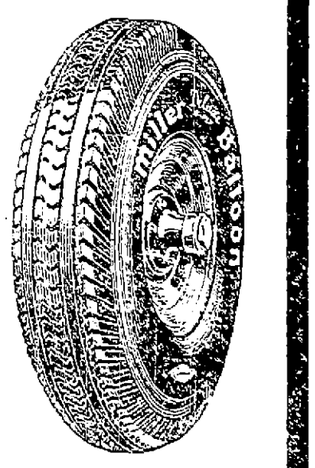

Some sports he expects to hold out of doors will be baseball, indoor baseball, soccer and other outside games which he feels will do the boys lots of good.

When the weather permits the boys will take gym out in the open but when the weather does not permit the gym periods will be held in the gym. A year's gym work at the senior high school does a boy lots of good due to the fact that many kinds of calisthenics as well as sports are taught the boys.

We have been selling automobiles in Lawrence County for a good many years and never have we had such good cars at as low prices as now. Now is the time to buy. The new car you admired and decided you could not afford can now be bought for 1-2 its original price. That's why a used car buyer, who buys from a reliable dealer, gets more for his money. We will be pleased to show you our complete line of used and new cars. Your old car will be accepted in trade. Terms if you desire.

NEW YORK STOCKS

(International News Service)

NEW YORK, March 21.—The Stock Market threw off its nervousness over money market conditions today and the Bulls pushed upward a number of the motor, copper and specialty stocks.

General Motors burned the tape in a new advance to the year's highest price of 91-½, up 3 points in the first half-hour. The resourceful Bulls are passing up no opportunity to keep up the speculative interest of outside traders, and a smart move in a stock like General Motors does the trick for them.

Packard, Chrysler and Studebaker advanced about 2 points on the average, and Mack Trucks joined the procession in a 2-point move. In the coppers Anaconda was up a couple of points and Kennecott up 1. Advance Rumley led the specialties at 94, up more than 40 points on the move. Continental Can gained 4.

Prices were again forced downward in the second hour by a selling wave. The oils slipped off a point or two, and the high-priced specialties from 1 to 5 points.

The 10 per cent. call loan rate attracted money to Wall Street and the renewal rate of the day was 9 percent.

LINDY MAY BE MARRIED DURING EASTER WEEK

(International News Service)

MEXICO CITY, March 21.—Despite rumors current in American colony circles here last night that Colonel Charles A. Lindbergh and Miss Anne Spencer Morrow would have a June wedding, International News Service learned from authoritative sources today that the plans for the wedding during the coming Easter holidays have not been changed.

International News Service announced the plans for an Easter wedding more than two weeks ago. Its informant indicated that Lindbergh was expected to return to Mexico City within a few days, and that the wedding would be solemnized during this visit.

Executing Aguirre Was Pleasure Says Mexican General

(International News Service)

MEXICO CITY, March 21.—Gen. Miguel M. Acosta, federal military commander of Vera Cruz, telegraphed to President Emilio Portes Gil today that it had been "both an honor and a pleasure" for him to execute Gen. Jesus Aguirre, the insurgent leader, who formerly held the port of Vera Cruz.

Mine In Disaster Is Safety Leader

(International News Service)

PITTSBURGH, March 21.—The Kinloch mine of the Valley Camp Coal company where several hundred men were believed entombed by a gas explosion early today, holds the 100 per cent efficiency diploma of the United States bureau of mines for "excellent safeguards" against disasters of this type.

Records here reveal that 420 men employed at the mine have been pronounced by federal bureau of mine men as competent to render assistance and first aid in emergencies. Most of this group are believed entombed in the mine today.

Have Speakers At Hi-Y Club Meeting

Miss Eva Coulter, instructor in the Ben Franklin junior high school, and J. H. Brewster, state Y. M. C. A. boys' secretary, were the speakers at the Ben Franklin Hi-Y club meeting, which took place Wednesday evening at the Y.

Miss Coulter and Mr. Brewer also told just what they believed the ideal boy of the junior high school age really was. The talks were well received.

Carl Cummings, president, had charge of the meeting and Daniel Raciappo led the devotionals. Forty boys attended the meeting.

M. U. F. Week Here Concludes Today

Boys Conclude Interviews With Men At Senior High School

This evening at four o'clock, Move Up Forward week, sponsored by the Senior High school Hi-Y club, will have come to a close and 275 boys in the high school will have had interviews with some 30 business and professional men.

There have been farmers, doctors, florists, bookkeepers, engineers of all sorts, athletes, architects, barbers, journalists, printers, dentists, plumbers, bankers, in fact practically all line of work has been represented by these volunteers.

These interviews have been occurring for the past three days. The official M. U. F. week was started Tuesday morning when the Dr. Charles B.W.Ingerd spoke to the entire group of boys at the high school.

The following time has been spent by the boys in interviewing the men who have volunteered their time during these three days.

The affair was sponsored by the Senior Hi-Y club of the Y. M. C. A., the Senior High school, and the vocational guidance committee of the Kiwanis club.

Review No. 98.

Review No. 98, Woman's Benefit Association will hold their regular meeting in the K. of P. Hall, East Washington street, Friday evening, March 22. After the meeting the birthday party for January, February and March members will be held with a program and lunch to be served by the committee in charge.

Easter Slides

Beautiful Easter slides will be shown at the teen age department of the First M. E. Sunday school next Sunday at 9:30 p. m. Each girl or boy of the teen age is asked to take a friend and be on time.

Boys or girls who have been irregular in attendance are urged to come out next Sunday and see these pictures. Mrs. J. C. B. Douthett is the superintendent of this department.

BOYS MAKE PAYMENT; CHARGES WITHDRAWN

The six lads from the Oakland district charged with larceny of some lumber by John Duchko before Alderman J. Lee Cooper and found guilty of the offense, have reached an agreement with Mr. Duchko by which he withdraws the information upon restitution being made to him for the lumber taken by the boys to build a shanty and the costs of the case are paid.

HARRY FREEMAN GIVEN DISCHARGE

Harry Freeman, colored, charged with a serious offense against Elizabeth Gooch, his youthful step-daughter, was given a hearing before Alderman O. H. P. Green Wednesday afternoon. Following the hearing, Freeman was discharged on the ground of the lack of sufficient evidence. The charge was made by the city policewoman.

OFFICERS TAKE DESERTER TO COLUMBUS BARRACKS

Sergeant D. T. Nelson and Officer Robert Dukes left early Wednesday afternoon for Columbus, O., with Edward Stewart, the army deserter picked up here by Officer Dukes. They delivered the deserter to the army barracks at that place and then returned here. They made the trip by automobile.

TWO CONTAGIOUS CASES.

Two cases of contagion have been reported to the city health bureau during the past 24 hours. The patients are:

Merilyn Evans, 9 months, 103 Garfield avenue; whooping cough.

George Byers, 7, 105 Atlantic avenue; scarlet fever.

Perhaps we become what we eat. In the old days there were no peanut butter sandwiches or peanut politicians.

Speaking of wasted effort, there's the girl who takes a domestic science course when she expects to marry a drug clerk.

Allege Bankers Are Allied With Big Bootleggers

Philadelphia Agog As Special Grand Jury Delves Into New Sensational Issues

(International News Service)

PHILADELPHIA, March 21.—The grand jury probe of racketeers, gamblers, bootleggers and other members of the underworld now in its 31st week had Philadelphians agog today over the results of its latest report branding the Union National bank here as an agent of bootleggers and criminals.

Declaring the bank officials were "almost co-partners with gangsters" in that they "allied themselves with organized bootleggers and indirectly with organized murder and the creation and maintenance of gangs," Judge Edwin O. Lewis after hearing the report urged that Philadelphia be the first spot to be investigated by President Hoover's commission to study the liquor question and the crimes growing out of it.

The charter of the bank should be revoked, the jurist said, and added he would call the matter to the attention of the U. S. attorney general. The bank now is known as the Union Bank & Trust company.

The bank acted as a sort of clearing house for 14 members of a nation-wide bootleggers' ring which deposited ten million dollars with the bank in less than two years, the jury found. The true names of the depositors, however, could not be determined from the accounts. The names of Max "Boo Hoo" Hoff, his close associates Charles Swartz and Samuel Lazar, and a number of their friends were linked to the bank's transactions.

President Hoover Faces Trouble On Court Adherence

Senate Approval Of World Court Protocol Will Be Difficult To Obtain

IRRECONCILABLES THREATEN FIGHT

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, March 21.—President Hoover will face serious difficulty in securing Senate approval of the new World Court protocol, based on Elihu Root's terms of American adherence, it was apparent today.

Although League of Nations Democrats, led by Senators Walsh (D) of Montana, and Swanson (D) of Virginia, have endorsed the Root terms in substance, the old irreconcilable group threaten warfare against the new pact. In view of the fact that the Senate ratified the compact originally only after the Coolidge administration accepted five reservations—one of which the Root terms would emasculate—the irreconcilable opposition may block a second ratification.

On the heels of a declaration by Senator William E. Borah (R) of Idaho, that the World Court is an "attorney general's department of a political institution (the League of Nations (F-L) of Montana, announced he would oppose the Root terms. Shipstead warned that the United States was being dragged into the League of Nations "inch by inch" and that the new Root terms for the World Court were but another step toward the destruction of American sovereignty.

Root Devises Plan

The Root terms would effect only the fifth American reservation, outlawing all advisory opinions by the court on questions affecting American interests. Root devised a new plan for arbitration of disputes over such questions, with America permitted to withdraw from the court in event her wishes were over-ruled.

"It is the court's advisory jurisdiction which makes the trouble," said Borah. "If the court simply exercised judicial functions and arbitral functions, there would be no hesitancy about joining it and there would be no need for reservations.

"The United States, I take it, would not hesitate to become a member of a court or a permanent arbitral tribunal. But when it is asked to become a member of a body which is in fact the attorney general's department of a political institution, of which political institution it is not a member, that presents a more serious question.

"I observe, too, that other governments are getting quite as much interested in this as the United States. This advisory jurisdiction will always be a source of disturbance and will ultimately, in my opinion, have to be abandoned if the court is to be what it ought to be—a great international judicial or arbitral tribunal."

AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel: there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.

Clenmore Sewer Near Completion

Smith & McQuiston Finishing Sanitary Sewer Problem

Municipal Engineer Franklin Miller today stated that Smith & McQuiston soon will have finished the sanitary sewer in Clenmore boulevard. He said that the contractors' employes today are working on the boulevard between Carlisle, east toward Albert street. The sewer has been built in the boulevard between Carlisle and Mercer streets.

Rescue Car No. 3 Sent To Disaster

(International News Service)

PITTSBURGH, March 21.—Rescue car No. 3 of the federal bureau of mines was ordered to proceed from Russellton, Pa., to the scene of the mine blast at Parnassus, Pa., where from 200 to 400 miners were reported entombed today.

At the same time a truck loaded with rescue experts and crews left the bureau here at 9 a. m.

Each member of the crew leaving here is trained to equip and direct rescue crews recruited from nearby mines, so that in a minmum of time a maximum number of rescue men may be placed at work. The government assumes charge of all rescue work at once.

Plane Pilot Is Ordered Arrested For Manslaughter

Pliot Lou Foote, Of Fatal Plane Crash At New Jersey Field Ordered Held

WILL RECOVER FROM RECENT INJURIES

(International News Service)

NEWARK, N. J., March 21.—Warrant charging Lou Foote, pilot of the Colonial Airways plane, which crashed here Sunday causing fourteen deaths, with manslaughter will be sought by Captain Phillip Sebold of the Newark police, he announced today.

Sebold's announcement followed a conference which he held with Prosecutor Joseph L. Smith and Reputy Chief of Police Frank E. Brex. Sebold declared he would apply for the warrant today and station a patrolman at Foote's cot in St. James hospital until the pilot is ready to be moved.

Hospital attaches say Foote has improved steadily and will recover.

City Electrician Announces Program

Extensive Repairs Are Underway To Curb Lighting Systems Here

George Nickum, city electrician, who has just returned to duty after an extended illness, announced today that progress was being made in getting the Long avenue curb lighting system in condition.

It is now several weeks since the system has been in use, owing to a ground in the lines of the system, which is hard to locate. It is necessary to open up and look over the connections of each curb light pole. If fortunate, he hopes to have the system trouble cleared up in the immediate future and the system working as usual.

The Washington street system has also recently been given trouble for the same reason, although it is again in use but not in a manner satisfactory to the city electrician. It is hoped to have all the trouble in the system eliminated in a short time.

Falls Down High Embankment Into Big Run Creek

Police received a call Wednesday afternoon to the effect that a man had fallen down the embankment from the B. R. and P. tracks and into Big Run creek near Denver avenue and 1713 Pennsylvania avenue.

Officers were detailed and found that the victim of the accident was William Hughes who was very much under the influence of liquor. He had lost his balance while along the tracks and fallen down the embankment some 30 or 40 feet into the creek.

He was little the worse of his experience except a few scratches and possibly a more sober condition than when he started down.

He was held in jail until this morning to sober up when he was given the option of a fine of $3 or three days in jail.

Justice Of Peace Eludes Capture
